Call For Documents

SALTO-YOUTH-INJEP has already collected quite a few documents.

This regular letter will give you some information on documents that could help you in your work. In fact, there is so much done all over Europe, particularly within the network of National Agencies, that there is a real interest to co-operate in order to collect and catalogue existing youth work training resources.

If you want to share this **“common memory”**, do not forget to send us training material available in five supports : Paper (magazines, articles, books, transparency films...), Video (tapes, DVD...), CD-Roms, Web-sites, Human resources (trainers).

In return, the resource centre (SALTO-YOUTH-INJEP) undertakes to collect all documents and references. **Every NA and partner will have regular information about all useful and exploitable supports collected.**
