### SALTO Focus on Inclusion

SALTO-YOUTH works on the European Commission's priority topics. Therefore, we actively participate in the European Commission's work on the inclusion of young people with fewer opportunities in the YOUTH programme. We provide training courses and develop toolboxes to support this priority. For two years, SALTO-BE has been organising training courses on the topic of inclusion. In 2003, the Year of Disability, SALTO-BE will focus on "Inclusion and Disabled".

We aim to share available resources on inclusion via our website (in the "toolbox" part) or directly on [www.salto-youth.net/inclusion](http://www.salto-youth.net/inclusion).

The French National Agency in cooperation with the CNLAPS (Comité National de Liaison des Associations de Prévention Spécialisée), a French national street work organisation, have implemented a *framework agreement* in the course of 2001. The issue was the following : how to facilitate the use of the YOUTH program as an educational tool for street-work activities? The report of this seminar (Paris, 2001) gives interesting perspectives.

*Very interesting speeches, exchanges on good practices and "declarations of intention".*
