Results of the workshop?
<p>Given the fact that employment is a priority of the youth in Europe and Meda countries, the experiences of the EVS projects with the EU and Meda countries permit the development the spirit of entrepreneurship and the encouragement of the youth of the 2 sides, to cooperate towards this spirit. They can advantage of the cultural richness and of the different legislations and the opportunities offered in the Euromed area. In condition, these EVS projects should be oriented towards this strategy.</p>
