

## Youthpass octa-competences 2

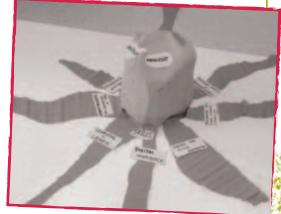

Identifying & documenting

**Describing outcomes** 

**Introducing Youthpass** 

Role of facilitator

- Place each of the eight green signs with the key competences on each arm.
- Ask participants to discuss in pairs or in small groups what learning outcomes can be achieved in a Youth in Action activity regarding the eight key competences.
- Ask them to write learning outcomes on the Post-it notes and stick them onto the octopus arm/competence it might belong to. Allow time for explanations and reading of the Post-it notes.
- After the readings, summarise the Post-it notes on the arms and ask for questions and clarifications, if necessary.
- Encourage participants to get to know other participants' projects or experiences, give suggestions and ask questions.

- Finally, introduce the technical aspects of Youthpass: the 'where, what, how and why' specifics for the different actions. If available, use computers to show the Youthpass.eu webpage or hand out Youthpass certificate samples.
- Allow time for questions and answers.

- Did you find it useful to understand what competences were?
- Explain why you decided to stick your Post-it on this 'arm' (mention name of the competence).
- **riefing** Did you find it easy to decide to put it on a specific arm?
  - Was there more than one option for any of your Post-its?
  - · Can it be related to other competences? Explain.

The 3D model used to explain the competences is suitable for people with sensory obstacles or visual impairment. It is useful to convey the concept of the eight competences in a visual and accessible way to youngsters who do not share the same language or language level.

As all the arms look the same, it can be helpful to differentiate them by using eight different colours, patterns, pictures, icons, etc.

Created by Santa Grinberga and leva Grundsteine for a Latvian NA training course for youth exchange coordinators.
