

This flyer was prepared in the context of the exchange program 'Grab Your World' organized by (A)Garra and co-funded by Erasmus+, that took place in Lagos, Portugal between the 22nd and 28th October 2018. (A)Garra welcomed 30 participants from Portugal, Spain, Italy, Greece, Estonia and Slovakia for a full week of activities and challenges with the spotlight on wildfires, a very current and problematic topic.
