YOUTHPASS is a certificate you can get when you finish your project. Youthpass is based on self-assessment.

You are the captain of your own ship during this learning journey and this log is for you to write down what you are learning everyday.

Your Youthpass Compass will help you navigate during the trip and decide your final destination. Youth in Action is based on non-formal learning and for that to be evaluated in your Youthpass you have to assess your competences before, during and after your journey.

You will visit different ports of call during your learning itinerary and it is very important that you, as the captain, take down notes and pointers. When it comes to the end of journey, you can look at your compass and log book to see where and how your learning cargo has arrived.

Have a pleasant journey!

My experience with Et & ESC

My Competences

1. Literacy competence

What opportunities did you have to express yourself in writing?
When and how did you adapt your language to different people?
How did communicating in a foreign language influence your communication in your mother tongue?

2. Multilingual competence

How did you communicate with the people from other countries?
What did you learn from that?
What aspects of a foreign language did you learn? Which situations helped you in that?

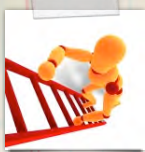

3. Mathematical competence and competence in science, technology and engineering (STEM)

What have you learned in terms of project management?
How did you approach problems?
How did you cope with new and unexpected situations?

4. Digital competence

What kinds of different technologies did you use to prepare for and to participate in the activity?
How did you approach online information critically?

5. Personal, social and learning to learn competence

How did you plan your learning objectives? Have you reached them?
How did you learn? When was learning easy or challenging for you?
What did you discover about yourself?
How have your participation and group work changed you?

6. Citizenship competence

What did you learn about the people from other countries?
Did your perspective on Europe change? In what way?
How can you contribute to the social or environmental initiatives?

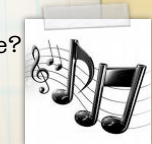

7. Entrepreneurship competence

Which interests, passions and talents did you develop?
What stimulates you to take action? How do you make ideas become a reality?
How and from which situations did you learn about 'taking initiative'?

8. Cultural awareness and expression competence

Did you learn new ideas or methods for working with art and culture?
How did you experience forms of culture that were new to you?
Where and how were you able to use different media and forms of expression to express yourself in different situations?

Dateline: Departure
