

Padlet – A Simple Way to Share Ideas Online

Learn how to use Padlet for learning, working, and sharing.

What is Padlet?

- Padlet is a website and app.
- It lets people share ideas on a digital board.
- You can add text, pictures, links, videos, and more.
- It's like a big online notice board!

Who Can Use Padlet?

- Teachers – for lessons and class activities.
- Students – for projects and group work.
- Teams – for brainstorming and sharing ideas.
- Anyone – for personal notes or planning.

Why Use Padlet?

- Easy to use — no design skills needed.
- Everything is saved in one place.
- You can work alone or with others.
- Fun and visual way to organize ideas.

Features of Padlet

- Add text, images, videos, and voice recordings.
- Drag and drop posts.
- Choose from different board styles.
- Works on phones, tablets, and computers.

Padlet Board Styles

- Wall – posts in a grid
- Stream – posts in a line
