

IMAGING Conflict

This is a silent game, absolutely no verbal communication.

you have to create
3 different **FROZEN STATUES** (no movements, no words)
representing the following concepts of conflict
(1 statue per each concept):

SENSE OF INSECURITY

MISUNDERSTANDING

POWER ABUSE

It is important that every member of your group
has a meaningful role in each statue
no other object can be used: your bodies are your clay

think of the concepts
share your ideas
close your eyes
FEEL them
and let your body express

After **25 minutes** (be on time),
come back to plenary to perform your statues

REMEMBER NOT TO SPEAK AND NOT TO MOVE while representing.

BE CREATIVE AND COMMUNICATIVE
