

# COMPETENCE MODEL

## FOR TRAINERS WORKING AT INTERNATIONAL LEVEL WITH COMPETENCE AREAS AND ITS COMPETENCES

### COMPETENCE AREA

The competence model is divided into six competence areas, each with their own criteria plus by one or several indicators

### COMPETENCE

The term 'competences' refers to a system of values, attitudes and beliefs, and skills and knowledge that can be applied in practice to manage various complex situations and tasks successfully. Confidence, motivation and well-being are important prerequisites for someone wishing to apply existing competences.
