The tree represents civil society organizations, whose work, the roots are based on the needs of the individual and the community. Woodpecker poses risks that threaten us every day and to overcome them, it is necessary to network, connect, develop cross-sectoral cooperation, social cohesion and solidarity within the community. Through joint action we can achieve results that will contribute to the well-being of an individual and the whole community.

Use social media group for searching for candidates.

Ask ex EVS volunteers if they know someone interesting for doing ESC.

It is not financially feasible to host less than 3 volunteers...and how we can manage them if there are no activities...

ANDREJ TROHA JUL 31, 2019 01:36PM

NAs which still have money unused for Volunteering Projects from the 1st and 2nd deadlines in 2019 and will make it available for 3rd project application deadline within ESC (1st Oct 2019)

- Ireland
- Finland
- Germany
- Belgium Flanders (Jint)
- Croatia
- Malta
- France

Always try to continue the project and overcome difficulties, and the initiative should be from the both sides.

Alcoholism could be reason to return volunteer, except if it is the work field of host organization.

If volunteer does not take care of hygiene, try to let volunteer know, that he, she needs shower, if it doesn't have effect, or take them to the pool party or send it back home.

If there is lack of communication between team but activities and dynamic of group are going great, it is not the reason to stop the project.
