

A series of six online sessions in 2023 on different priority areas of the SALTO SEE Resource Centre

Call for two facilitators

Background

The [SALTO South East Europe Resource Centre](#) (SALTO SEE) was established by the European Commission to support cooperation with the Western Balkan countries¹ in the frame of the Erasmus+ Programme (youth field) and the European Solidarity Corps. Through the support for these programmes SALTO SEE aims at promoting European cooperation in the field of youth and at contributing to the development and recognition of youth work and volunteering in the Western Balkan region.

The work of SALTO SEE is closely associated to the objectives and priorities of both programmes and their application in the youth field. Promoting inclusion, diversity, participation and solidarity as well as developing constructive responses to the digital transformation and environmental crisis have a central role. Constant dialogue on these topics with relevant stakeholders in the Western Balkans and beyond is crucially important to maximise the positive impact of the programmes in and with the region.

In 2023, SALTO SEE will organise a series of six online sessions to reach out to the youth field in the Western Balkan region. The aim of the sessions is to provide information about the upcoming activities (of SALTO SEE) and stimulate discussion and reflection about the Erasmus+ and European Solidarity Corps programmes', their priorities and their relevance and implementation in the region. The online sessions will be 2 hour each and will consist of an inspiring input on a given topic and participatory activities with the group.

Two facilitators will be contracted to work on the sessions together with the staff of SALTO SEE. The task of the facilitators are to:

- co-develop the concept and implement the sessions jointly with the staff of SALTO SEE;
- coordinate the work of external experts and consult them regarding their input in the online sessions;
