

Practical information & measures for inclusion

Participation

Participants are expected to be part of the full duration of the training. All board and lodging is foreseen from Tuesday 25 November dinner time, till after breakfast on Saturday 29 November.

Traveling

Travel costs are covered by your national agency. We're happy to inform you about accessible train and tram stations and connections in Italy.

If necessary, we can arrange and cover adapted transportation from the airport or train station to the venue. More detailed information about the travel guidelines will be provided to the selected participants closer to the activity.

Accommodation

The accommodation still needs to be confirmed. We will make sure that the venue has accessible toilets and accessible rooms (e.g. taking into account mobility and visual impairments). If you have a personal assistant, we can book and cover the costs of an extra room.

The venue offers a buffet for breakfast. For lunch and dinner, we order vegetarian food by default. The venue will be able to adapt the menu to other dietary needs or preferences.

Language, communication and learning

The working language during the training will be (international) English. Your English does not have to be perfect, but you need to be able to follow the program and voice your opinions in English. The facilitators are not native English speakers themselves.

We can offer sign language interpretation upon request.

The resources and documentation we're using will be made available in easy-to-read formats.

Learning space

In this event, we want to create a space where everybody can learn. We strive to ensure that everyone is met as their own self and that no one has to fear discrimination or harassment. We expect you to respect the same principle.

We will ensure that there's a space which can be used throughout the day as quiet/private space to unwind, reflect, and/or pray.

Other needs

We want to ensure to host an inclusive training and tried to think about all needs related to traveling, accommodation, and language, communication and learning. Probably we lost quite a few out of sight, but we're happy to support you if you would have any other need. Therefore, we've included a question in the application form so you can make us aware of this. Of course, this doesn't have any influence on your application.
