# INFORMATION

## FOR ALL PARTICIPANTS (adults and young people)

Please consider, for all the participants, taking a “personal travel or international assistance insurance” to ‘play safe’, note that this is not reimbursed.

For the ones who have the European Health Insurance Card (see below), please take it with you. For the ones who don't have such card yet, maybe a good opportunity to arrange this (normally, free of charge).

## YOUTH PROTECTION RULES

As far as there are young people involved, and that some of them are usually under 18, there will be no alcohol served during the activities or meals. The accompanying youth worker will be personally responsible for his/her young people if there is any issue concerning the consumption of alcohol or other substances.

## Please NOTE

For minor youngsters (usually 18), you must have a legal parental permission for them to travel abroad. This is extremely important at passport control.

## About Serbia

Serbia, situated in Southeast Europe, is a country of diverse landscapes, including fertile plains, mountains, and the iconic Danube River. It serves as a cultural and historical bridge between Central Europe and the Mediterranean, making it a fascinating destination with rich traditions and a vibrant atmosphere.

Serbians are known for their hospitality, strong social life, and deep appreciation for culture. While they may have an energetic and passionate approach to life, they welcome visitors warmly. Expect to be greeted with friendliness and enthusiasm!
