Place and venue

KulturHaus, close to Bremen, Germany (Garlstedt).

Garlstedt is a small village/suburb in the surrounding of Bremen in Germany. We are going to be accommodated in a NaturKultur seminar/youth house.

We will be far away from the city, shops and bars because we want the participants to be focused on the training and cultural activities and create a good atmosphere among the group. There is beautiful nature, really nice forest and places to have long walks and activities outside, yoga or meditation in the morning, to go for a run or bike ride and see the landscapes in the surrounding.

The venue is a youth center (KulturHaus) in a forest where we will be alone as a group, so the participants should **expect simple accommodation**. Several seminar and break-out rooms are available for us to work in; the bedrooms are for 2 to 4 people. There will be showers and toilets in most of the rooms (or just outside the room).

Our own cooking team will prepare the food and coffee breaks and take care of our health and nutritional intake so we can completely focus on the activities. Please note that we cannot provide fruitarian and HALAL food.
