Who are we?

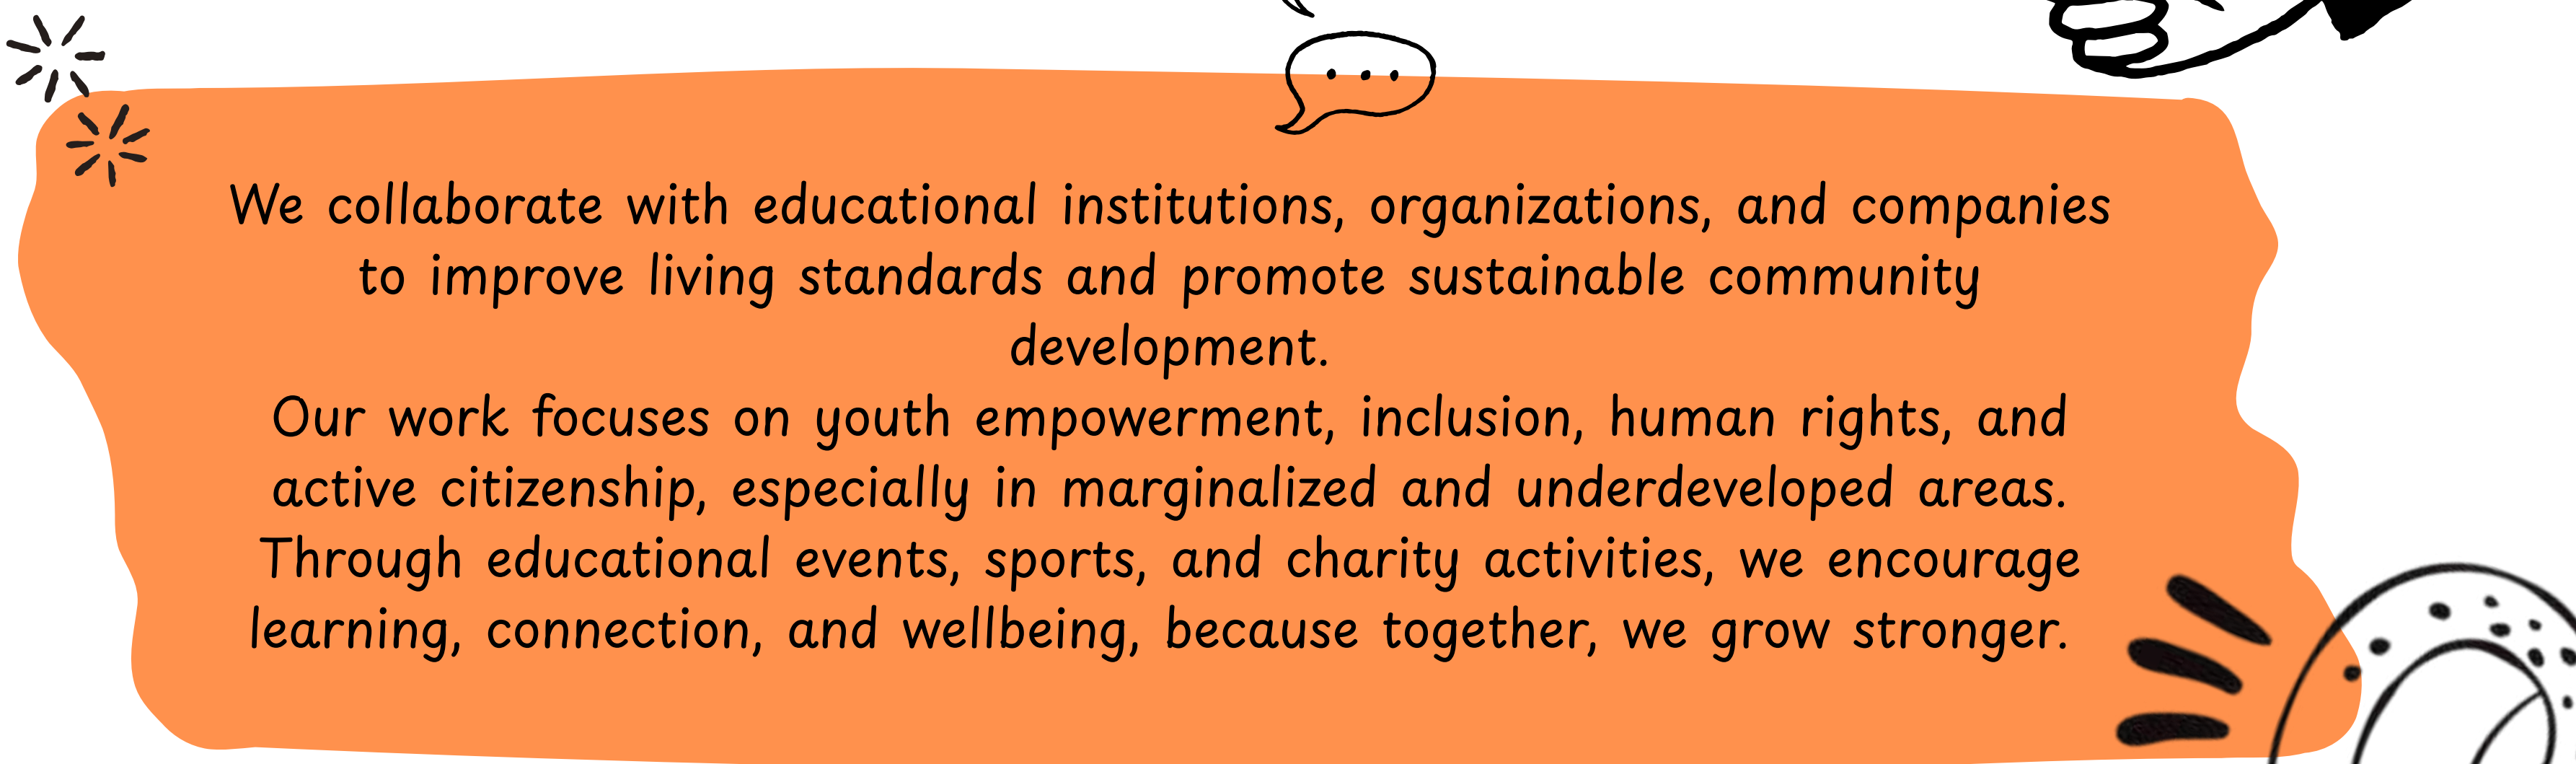

Brezn e.V. is an association that brings together people from diverse backgrounds

to build a healthy, educated, and active society in Germany and across Europe.

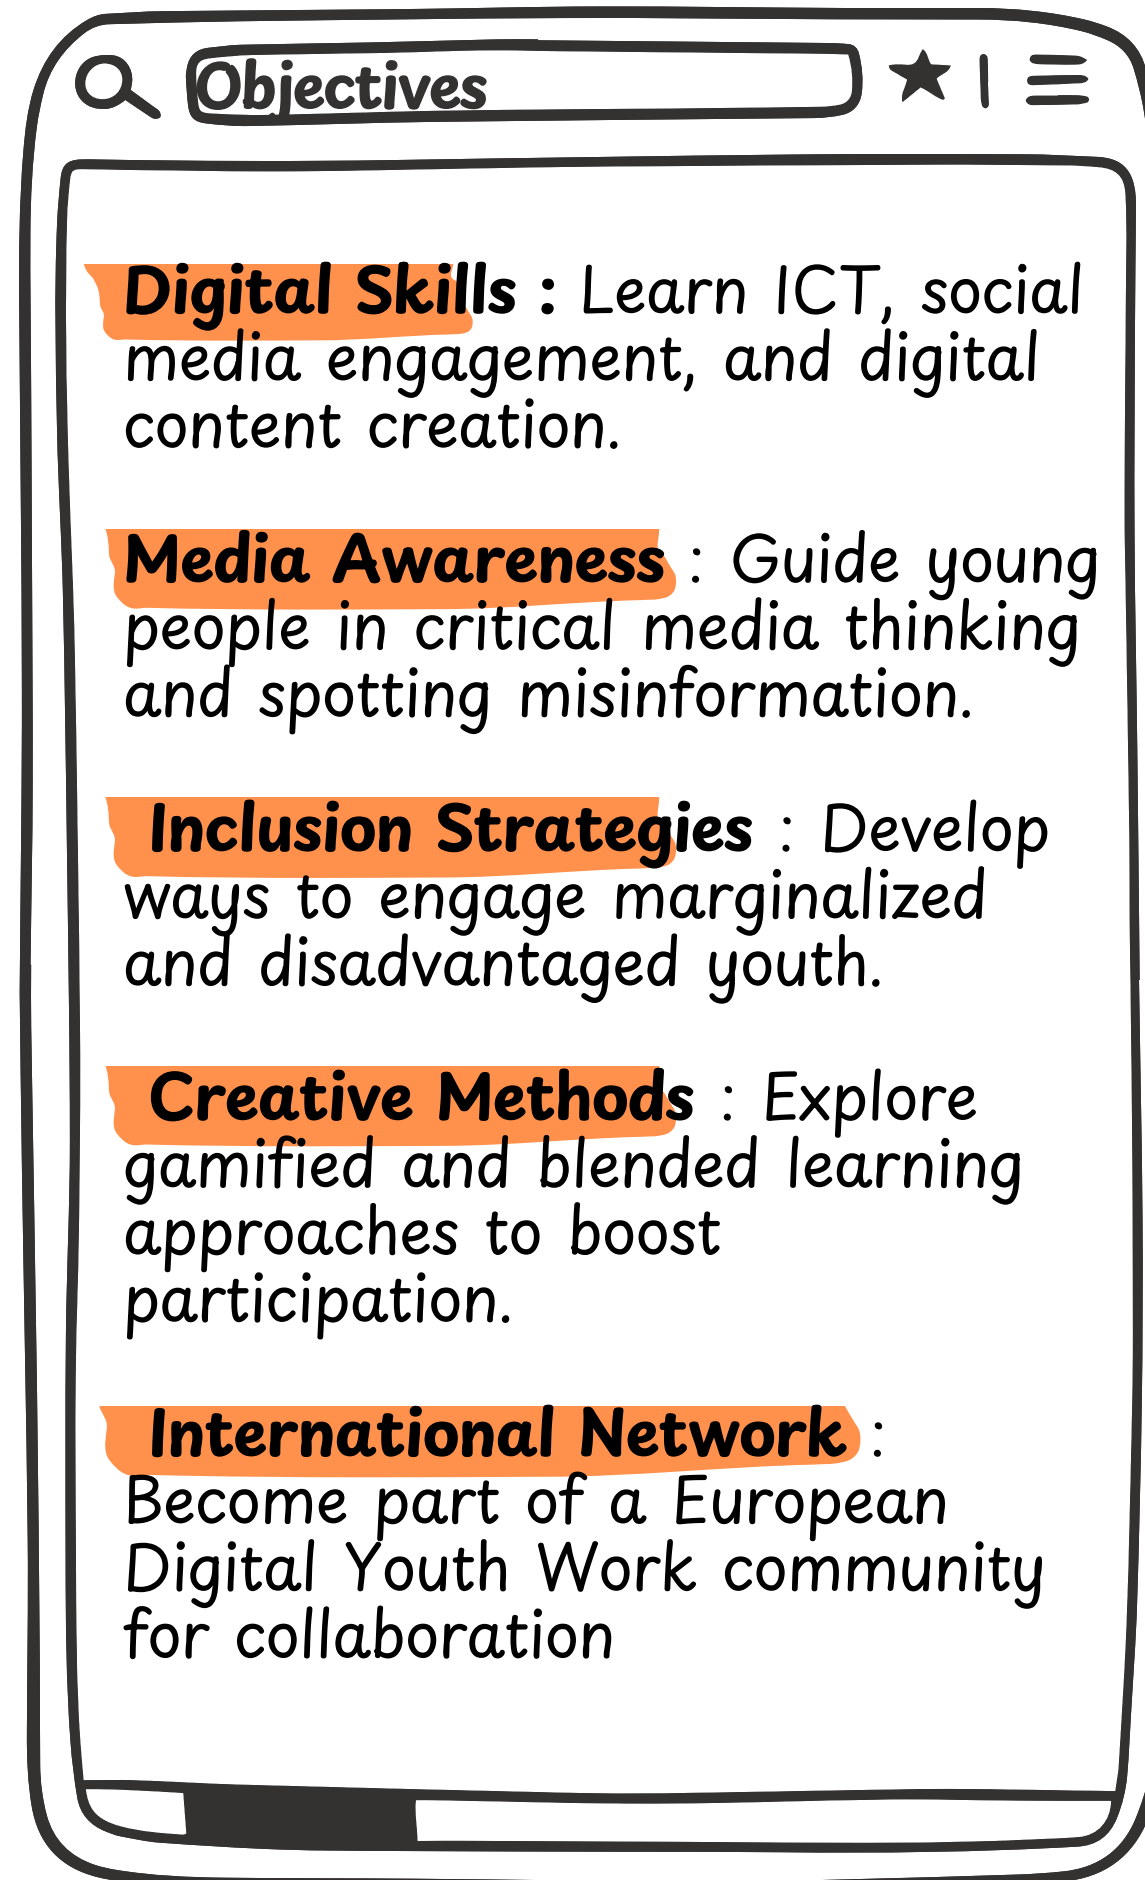

We collaborate with educational institutions, organizations, and companies to improve living standards and promote sustainable community development.

Our work focuses on youth empowerment, inclusion, human rights, and active citizenship, especially in marginalized and underdeveloped areas. Through educational events, sports, and charity activities, we encourage learning, connection, and wellbeing, because together, we grow stronger.

About the training course

This TC aims to equip youth workers with ICT and social media skills to strengthen youth participation, foster inclusion, and encourage innovative digital activism.

LOCATION^{llll}

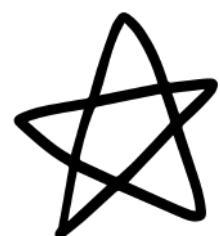

Hemmersheim, Germany

Hemmersheim's natural beauty is surrounded by Franconian landscapes, including river valleys, small woods, and open fields. Exploring the area is a must, with opportunities for walks, bike rides or hikes. The Tauber Valley, Main Valley, Steigerwald, and near-natural river valleys are all in close proximity, waiting to be explored.

VENUE

Lindenhof  Hemmersheim

The new house was renovated in 2015. Solid wood beds made of beechwood, oiled oak wood floors, colorful clay-painted walls, and beautiful cabinets made of beechwood and linen fabric give each room its own character. By the way, each room is named after a corresponding vegetable or fruit.
