S.A.F.E. MOVES

**SAFEGUARDING, AWARENESS,
FORMATION AND EMPOWERMENT**

Casaleggio Boiro (Italy), 12-20 November 2026

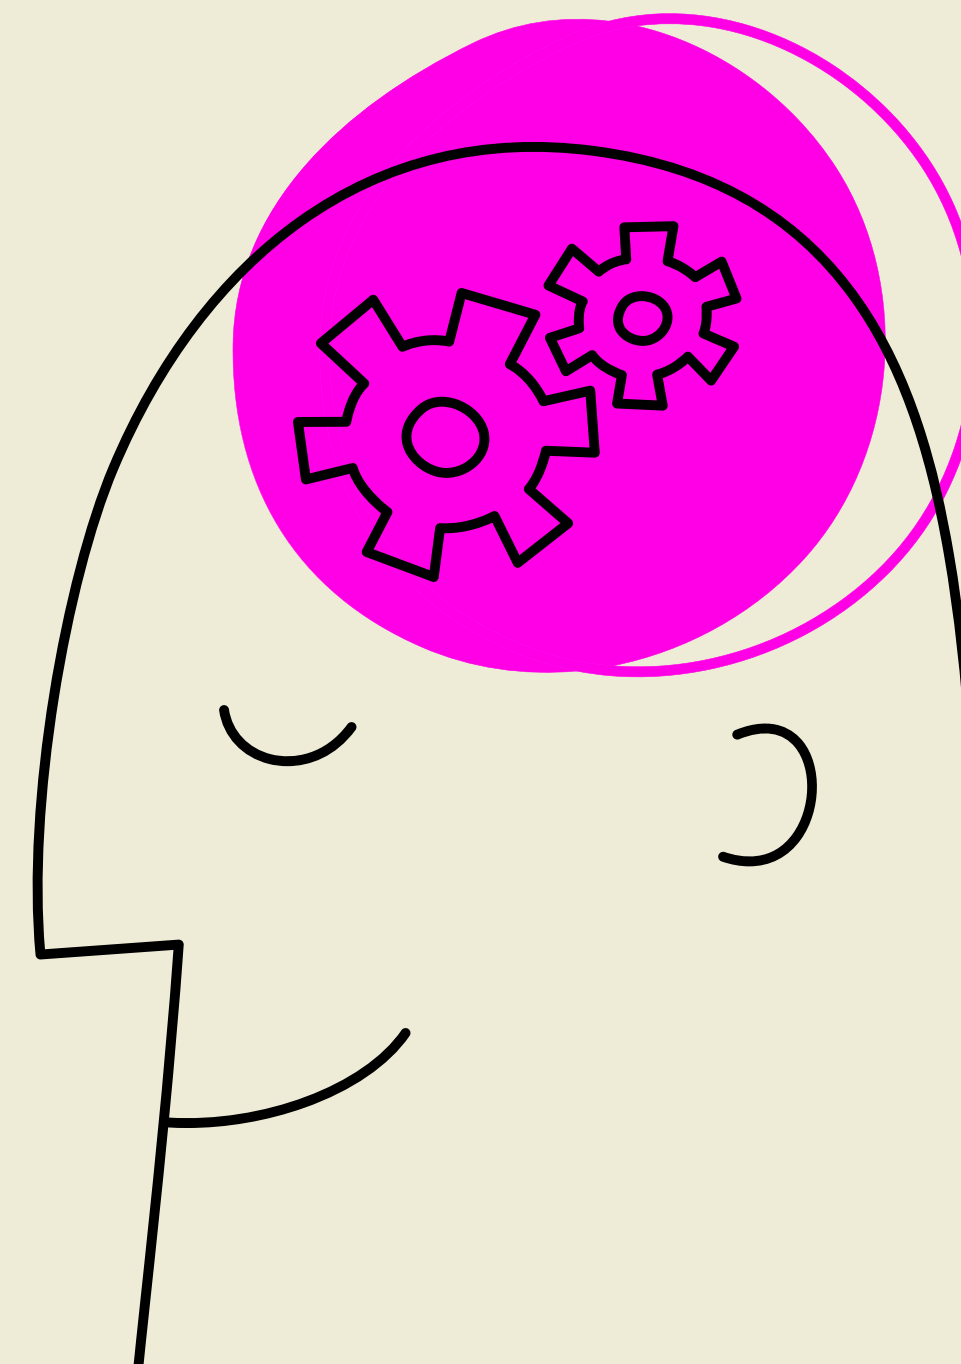

WHAT & WHY?

"Safe Moves" is a multi-activity project that helps youth organisations deliver more inclusive, safer, braver and high-quality learning experiences in Youth Exchanges and ESC Volunteering Teams.

Through "Safe Moves", we aim to:

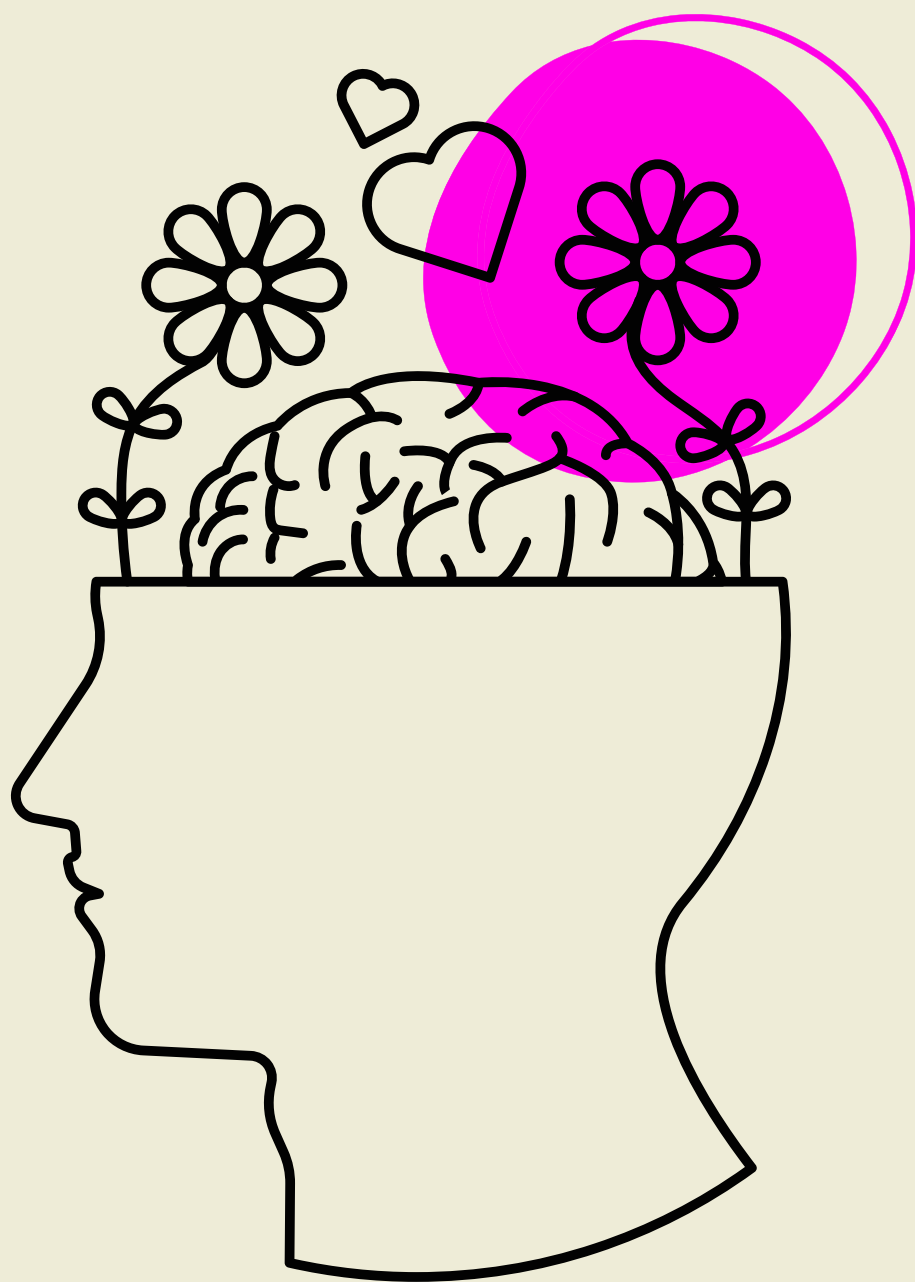

- **Raise awareness and understanding of safeguarding**
- **Build staff capacity in risk management and first response**
- **Exchange practices and co-develop solutions to recurring challenges**
- **Strengthen the inclusion of highly vulnerable youth and young people with fewer opportunities**
- **Promote Safeguarding Policies in international mobilities**
- **Create a practical Toolkit on safeguarding**

The project combines 2 complementary mobilities. The Study Visit has already taken place: participants observed safeguarding in practice in an ESC Team with highly vulnerable young people. The Training Course builds on its results, turning observation into experiential learning and co-creation of a Toolkit.

HOW?

TO ENSURE A RICH EXCHANGE OF PERSPECTIVES, PARTICIPANTS WILL BE DIVIDED INTO TWO COMPLEMENTARY GROUPS: ONE PRIMARILY ENGAGED IN ERASMUS+ YOUTH EXCHANGES, THE OTHER IN ESC TEAMS.

**Training Course, arrival 12/11
Departure the 20/11 2026**

The 7 days long Training Course builds on the Study Visit to develop by offering structured sessions on:

- Risk management and safeguarding strategies;
- First response in crisis situations;
- Inclusive communication and emotional support;
- Group dynamics and conflict resolution;

Participants will engage in interactive exercises, discussions and co-creation, drawing on field experience and, for those who attended, insights from the Study Visit to develop concrete skills and tools for their own projects.
