FLY - FACILITATING LEARNING FOR YOUTH

This international training course aims at empowering and building up the competencies of educational practitioners to design, facilitate, and evaluate meaningful educational activities in value-based youth work.

Deadline to send application form: Friday, 6th November 2026

OBJECTIVES

[APPLY HERE](#)

- **Understanding Non-Formal Education:** Examine approaches, practices, conditions, models, and processes that shape effective youth work and learning.
- **Equipping with Practical Tools and Methods:** Gain hands-on tools and methodologies for designing, facilitating, and evaluating impactful educational activities.
- **Creating and Testing Educational Workshops:** Develop, implement, and refine your own educational modules with peer feedback and group interaction.
- **Reflecting on Roles, Ethics, and Competencies:** Analyze the roles, ethical considerations, and key competencies of youth workers within educational contexts.

PARTICIPANT PROFILE:

This activity is designed for youth work and education practitioners: active youth workers, trainers, NGO workers, young leaders, volunteers working with youth, or teachers. Participants have to be over 18 years old and able to follow the training course and work in English.

THE ACCOMMODATION

During the project, we will stay at Küla Villa, 15km away from Tallinn. The whole group will stay at the same venue, where the training activities and meals will also take place. Bed linen and towels are provided, so you do not need to bring your own. Participants will have access to the common areas, and Wi-Fi is available at the venue.

Breakfast, lunch and dinner will be provided throughout the project. Coffee, tea, water and light snacks will also be available during the training days. Dietary restrictions and food intolerances will be taken into account where possible.

WHAT TO WEAR & BRING

The project takes place in January, so please come prepared for Estonian winter conditions. Bring warm and waterproof outdoor clothing, a winter jacket, hat, gloves, scarf and suitable winter shoes. We recommend dressing in layers, as some activities will take place outdoors.

Please also bring comfortable indoor clothes and indoor shoes/slippers for the training sessions and free time. A sauna evening with hot tubs is planned, so make sure to bring swimwear and flip-flops/slippers.

YOUTH PASS

All participants who complete the full programme will receive a Youthpass certificate recognising the competences and learning outcomes gained during the training.

IMPACT, DISSEMINATION & FOLLOW UP

Participants are expected to complete two follow-up activities to receive their travel reimbursement:

- 1. Dissemination and Promotion:** Share and promote the project and its outcomes on social media platforms to raise awareness and engage a broader audience.
- 2. Implementation of Follow-Up Activities:** Enhance the project's impact by organizing an educational workshop for a minimum of six participants. This workshop should be conducted within two months after the training course.

Follow-up travel reimbursement conditions

In line with Erasmus+ rules, the costs of your international travel will be covered up to the following amounts, based on the distance from your place of residence to the training venue (as verified by the Erasmus+ distance calculator). Any costs exceeding these amounts must be covered by you.

Here is an overview of the distance bands and the corresponding reimbursement amounts for travel:

- 10 – 99 km: €28
- 100 – 499 km: €211
- 500 – 1,999 km: €309
- 2,000 – 2,999 km: €395
- 3,000 – 3,999 km: €580

TRAVEL ARRANGEMENTS

Participants should arrange their travel to Tallinn, Estonia, and book their flights to Tallinn Airport (TLL). We are arranging transportation from Tallinn Airport to the venue. More detailed information about the transfer and meeting point will be shared with participants before the project.

Please do not book your flights before receiving confirmation from the organisers, to make sure that your travel dates and times are suitable for the project schedule.

FURTHER MORE...

You are required to have a comprehensive travel health, accident and liability insurance, for the entire duration of your stay in Estonia. Please note that insurance costs will not be reimbursed, even if they are included in your plane tickets.

In the event that you cause any financial damage to the accommodation, other participants, or the hosting organization, you will be responsible for covering the full cost.

Only tickets approved before the activity by the hosting organization will be reimbursed! Remember to keep all your receipts and tickets! If you require a visa to enter Estonia, please contact us as soon as possible after selection

Full participation in the program is mandatory to be eligible for the reimbursement of travel.

ABOUT Eluks Valmis

We are youth-founded organisation in Estonia. Our aim is to include more practical life knowledge to formal education. Eluks Valmis has been running for 5 years. During that time, starting as a small voluntary project, grown into an important youth training organisation on the youth work field in their country.

During the project, your main contact persons will be Marieta and Hanna-Liisa. Both of them will be present at Küla Villa throughout the project and will be there to support you before and during your stay.
