

TRAINING COURSE “THE POWER OF NON-FORMAL EDUCATION”

PARTICIPANTS' INFOPACK

Dear participants,

Non-formal education has existed for as long as we know. But only ‘recently’ it has been given the clarity and recognized importance it deserves! We are therefore also very pleased and enthusiast, knowing that you will participate in this Training Course (TC) focusing specifically on **non-formal education**. We hope that this training course will make a change in your daily work!

We are looking forward to welcome you on this TC and to work together with you on the different aspects and quality elements within **non-formal education**!

We hope that you are as excited as we are with this TC which is specially designed for experienced and new users of European mobility Programmes, especially the **Erasmus+ Programme (section Youth)**.

This TC is not only based on a ‘one way information-flow’ but requires a pro-active participation from you. Therefore the importance of this information before the start of a hopefully adventurous, challenging and inspiring TC!

This pack contains all the important topics and information which regards you as participant. Having read, understood and agreed upon all of this will allow you fully to enjoy and involve.

Please **read carefully** next chapters. We have included all the initial information in this pack, even the apparently obvious topics. Don't hesitate to contact us in case something might not be clear. At a later stage (after the selection procedure) you will receive further practical information in relation to your stay, the training etc.

Once you are selected, please check with your National Agency the travel conditions, and the possibility to **travel green**, once this is now an important priority of the Erasmus+ Programme and ... an increasing relevant aspect..

The trainers' team.

the beauty is in the
simplicity
of complex things

1. BRIEF DESCRIPTION OF SOME ASPECTS ...

For whom?

-  All actors in the youth field (youth leaders, youth workers, local authorities...).
-  Youth workers and youth leaders coming from every country in Europe, either with a long history of using NFE, or in countries where everything this is still in initial stage.

Participants should be at least 18 years old and should have a **good level of English**.

Group size: 30 participants

And 'to do what' more concretely?

-  To stimulate the participants to feel and reflect about 'The power of NFE' by experimenting different kinds of methods within the non-formal educational approach.
-  To analyse the role and perception of NFE in our different countries within a common Europe.
-  To understand how NFE methods and approach can be used to promote cultural diversity and intercultural learning (ICL).
-  To react against the growing consuming approaches towards young people in the non-formal education field and to work on their real active participation.
-  To explore meanings, roles, and complementarities of different educational approaches and methods (formal, non-formal, informal).
-  To reconsider daily youth work practices.
-  To understand the principles of NFE within Erasmus+ and its effects on elements as programme building etc.

This TC can also provide:

An opportunity to meet possible partner groups and to make contacts in other countries.

problems can be
complex
solutions
not.

2. THE PROGRAMME

The pedagogical process

The TC is not limited to the couple of days the participants spend together but starts before the actual encounter. Participants should therefore be well aware that they will be actively involved from the very beginning.

A PRE-TRAINING IMMERSION

A closed private Facebook group will be created to promote interactions between participants before the TC starts, as well as during and post. After selection, you will receive more indications and info on this.

Issues / topics tackled: perception / recognition of NFE in your country, methods you use/have used...

A FUNDAMENTAL FLOW DURING THE TRAINING

Experiencing: different educational settings, different methods (role play, simulation game, exercises...).

Reflecting: on the methods and its impacts, on the power and limits of NFE, on building a pedagogical process...

Transferring: to the own reality of participants, in order to improve ways of working with young people.

Sharing: different perceptions, current situations and experiences.

Developing: the building capacity of the participants, by including them in the decision process of the project designing (participants will decide some sessions they feel they need to have) but also in the implementation of the program ("Power to the People – the People who are you" moments).

Please note that this training course **is not** about 'learning how to run educational exercises', but really to explore how we -as educators- act towards the learners we support in their process. Its impact, consequences, results (or not...).

Euhm ...free time?

When you look at the programme (page 5), you will notice that free time is very sparse. In case you wish to see more of the country, we advise you to come earlier or stay longer (note: at own expense). As you make the travel anyway, this might be a good opportunity. Check with your National Agency for possibilities concerning the dates of your ticket. We wish to inform participants that this training course is very intensive, not in physical terms but in terms of 'working time' and 'thinking processes'.

3. FOR YOU TO BRING

About your organisation

During this training course, we will not have an organised time slot for each one to present his/her/their organisation. However, there will be informal opportunities to do so. In case you are interested to do so, you can bring materials. In case you wish to bring PowerPoint Presentations or show pictures from a cloud, there will be possibility to show these during the informal moments and the coffee breaks.

About your reality

Most of you have probably experienced before an 'Intercultural Evening'. Also during this training course we plan to organise one. But ... not 'one' as it usually and classically happens. More info during the TC on that.

We invite you to bring gastronomic specialities from your place (region, garden...): food (attention: it is not possible to heat food or to cook light dishes in the hotel) and drinks for this 'Intercultural Evening' the share with each other, to discover and be surprised.

Feel free to bring some traditional/typical and party music, or other special things typical from your reality that you wish to share during this evening and other evenings. Bringing with you different board games or a music instrument to be used at informal times is not forbidden 😊

Trainers' team

This TC will be run by a team of 3 experienced trainers:

Denis Morel (<http://trainers.salto-youth.net/DenisMorel/>)

Jo Claey's (<http://trainers.salto-youth.net/JoClaeys/>)

Simona Molari (<http://trainers.salto-youth.net/SimonaMolari/>)

Looking forward to meet you soon!
