

**POP** seeks to support the integration of young people with fewer opportunities living in suburban areas in Europe, in line with the EU “Youth in Action” programme’s overall priorities, which are intended to encourage participation by young people, cultural diversity, European citizenship, social integration.

**POP** developed a basic concept which finally includes 56 youth workers from the participating countries. The concept is a combination of different types of activities, all focusing on the above mentioned priority theme.

The target group are persons directly working with young people in suburban areas of the participating **4 Cities**:

**Vienna, Berlin, Derry/Londonderry, Helsinki**

**plus guests from all over Europe**

As the final Event **POP** organises this Conference for all participants of recent activities plus additionally interested Youth Workers

Inputs of experts, but mainly development of new strategies, techniques and projects on the focused issue will complete the 3 days programme.
