

CALL FOR PARTICIPANTS FOR EUROPEAN TRAINING COURSE ON PEER EDUCATION
A Training Course developed in the SALTO Training of Trainers course

ACTION 4.3 TRAINING COURSE

P - iNCLUDE

28 May - 4 June, 2010
Lithuania

Vision - Creating Space
for Growth

“According to experience, if young people take responsibility for their own learning out of their own initiative, then the results are tangible and immediate”. This requires us, youth workers, to be able to question our position as the one who has the answers, and to be able to create space for personal growth in our work with young people.”

Outcomes of this Training Course

- Promoting social inclusion and the personal development of young people by facilitating the creation of European Voluntary Service and/or peer-education projects within the Youth in Action programme.
- We will support and enable you to develop peer-projects that empower youngsters (with fewer opportunities) to participate in short or long term European Voluntary Service projects.
- We will also establish a support system through various actions that provides a long-term frame for the peer-projects developed during the whole training process.

This project has been funded with support from the European Commission.
