## City of Bar

Bar is the coastal harbor town of some 40,000 inhabitants known for its multi-ethnicity and a rich cultural tradition and history. Bar's social, cultural and ethnic diversity, and a touristic potential makes it a perfect meeting point for diverse young people from EU and SEE. Bar is not a big hub, so don't expect vibrant night life or rich cultural events. However, Bar can be a perfect place for outdoor activities such as taking a long 'promenade' by the beach. Old Bar – semi preserved medieval fortification from 9th century is situated 3.5 km northeast of center of Bar, with network of narrow streets, sacral objects, residential and public buildings.
