

Moving through Mobility

* unlocking the potential of KA1 activities for your organisation

Training Course 9th – 14th of May Dublin, Ireland

Moving through Mobility is a training for youth workers/youth work managers to use KA1 funding strategically and explore the range of opportunities to support the development of the young people they work with and their organisations.

Description:

Key Action 1 (KA1) of the Erasmus+ Youth programme focuses on the learning mobility of individuals, both young people and youth workers/leaders:

Young people have the opportunity to participate in youth exchanges or to volunteer for a period up to one year in another country.

Youth workers can take part in training and networking activities abroad or spend some time in a youth organisation abroad in job shadowing.

In Erasmus + you can apply for funding for a range of these activities in one KA1 application form. To do this you need to have a strategic approach and show how each contributes to an overall strategy and this training course will support you on this.

Objectives:

- To help organisations realise the potential for developing their international capacity by linking activities in Key Action 1.
- To help organisations to see the developmental opportunities for their young people, youth workers and organisations, if they use one activity within the action in order to prepare for the next.

Target Audience: Representatives from organisations who are in a position to implement/lead these projects i.e. youth workers/youth work managers.

Duration: 9th – 14th May 6 days (including travel)
