# MAKE THE MOVE III

***We hear it often ...youth exchanges change young people's life! And yes ... they do indeed. It is not only a great and fun project, but if done well ... especially rich in learning for all those involved! Youth exchanges have played a very important role in the past years and remain a cornerstone in the mobility programmes of the European Commission for the coming years. The Programme Erasmus+: Youth in Action also underlines the importance of such Youth Exchanges as a powerful tool for young people to empower themselves and to grow towards active citizens of their own community up to European and global level.***

***The Bureau International Jeunesse and the National Agency of Portugal for the Erasmus+ Youth in Action programme launch therefore this Partnership Building Activity (=PBA), with a clear focus on increasing the cooperation between NGO's and groups in order to develop quality Youth Exchanges in the frame of the new European Programme Erasmus+.***

## CONTEXT

Over the past years, many youth exchange projects have been developed and run between organisations from different countries. An exciting and challenging intercultural encounter! In order to strengthen the partnerships and especially the quality of these projects, this partnership building activity aims to provide the needed support and training elements for the participants who intend to organise such a youth exchange in the near future. Besides creating the opportunity for participants to create strong partnerships, we also wish to offer a real intercultural experience, as an inspirational example for future youth exchange implementations.

This ***"MAKE THE MOVE III"*** will therefore take place in a rural village in the very centre of Portugal, 'Janeiro de Cima', which has around 200 habitants. From this year on, this village has started receiving international groups based upon the community model of 'The Rural Centre of Non Formal Education' in Vila da Marmeleira. The projects implemented in this community, offer a win-win situation for all involved - local development and change for local people through their involvement in the activities and a deep intercultural experience for the participants. Besides the pedagogical outcomes of the international activities (e.g. training course, seminar, workcamp), the different projects leave their mark on the community. A local impact and international footprint are left behind.

This village seems to us an ideal setting to organize this PBA *“MAKE THE MOVE III”*, focusing on the following aspects:

- Young people as actors in the different steps of a youth exchange, supported and coached by youth workers.
- The local community as the integral supporting structure of a youth exchange .
- The impact and permanent mark on a local community as a result of a youth exchange.

The above features will not only be discussed and analysed, but will also be based upon real practical experience during the Partnership Building Activity.

## AIMS & OBJECTIVES

- To create an opportunity to find good and reliable partners to make youth exchanges with
- To understand what is needed to plan a youth exchange of good quality
- To create a solid network of contacts and partnerships
- To equip the youth workers with insight in their role as coach and support
- To experience the possibilities of local involvement
- To understand the impact and social change a youth exchange can have within the local community

## TARGET GROUP

## BOARD & LODGING

You will be hosted in smaller houses inside the village, near to the very centre. Each house will have place for approximately 6 to 8 participants, in single and twin rooms. Bed sheets and towels are provided.

You'll be living this week as if you were ... full inhabitants of the village!

Breakfasts will take place in the very central traditional café on the central square, a daily meeting point for all the habitants. Lunch and dinner are served in the local restaurant and breaks catered by the minimarket.

The final event will be a public event, being that this PBA is not a closed happening, but is intended to offer as well the participants as the local population a REAL experience of mutual intercultural learning.

## HOW TO TRAVEL

The very best for you would be to travel to **AIRPORT LISBON**.

On the 25<sup>th</sup> of October, there will be a bus picking up all the participants at 17h00 at the airport exit and bringing you straight to Janeiro de Cima (3 hour bus drive). More news on that at a later stage.

*Location of Janeiro de Cima ... deep inside the country side in Portugal. Hallucinating views in the very centre of the country.*

**Travelling back: please do not book your return flight before 12h in the morning on the 30<sup>th</sup> of October.**
