

OLDE VECHTE FOUNDATION

presents

the
**EVENT
WISE**
training

20th to 26th of July 2017
Ommen | The Netherlands

ABOUT the training

Event Wise is Olde Vechte Foundation's longest delivered and most prominent training. It is the basis upon which the foundation brings to life its vision of love, cooperation and care. Up till now there have been 29 editions with 1000+ participants from 60+ different countries. The 30th version brings the attention to educators, trainers & youth workers in order to support their parallel process into guiding people's learning.

Event Wise is a dynamic personal development training that equips you with tools and techniques that increase your abilities to achieve personal and professional success while enjoying life.

Being an educator working on personal development is interlinked with your own competences development. Your personal concepts about non-formal education are influencing the working methods that you use as youth leader, for instance. Enlarging your perspective in non-formal education also enlarges your possibilities as an educator.

Event Wise is a safe space where you can experiment, play and grow. The training will empower you to challenge your own resourcefulness and ability to create desired results, and thus have a positive impact on your self-confidence. It will help you stand up for yourself with integrity in a social context and increase your ability to deal with demanding situations. When used regularly, the tools and techniques will empower you to take complete control over your life – you will be able to choose how to react to what happens to you and navigate change to your benefit.

Target Group

With this specific call, trainers, educators, facilitators, youth workers or other people involved in the field of education, who work with groups (young or adults), and are willing to learn more about themselves as professionals and as individuals, are on target.

"The training was a very unique experience, that had great impact on me, my attitude towards life and how a project myself on a daily basis. It is difficult to describe in words how amazing the people I met in Olde Vechte are, and how very grateful I am for taking the decision to participate. No matter where you are in life, this would bring new possibilities."
