Drobollach, Austria

Partner promoters; Armenia, Austria, Belarus, Georgia, Greece, Netherlands, Spain and Ukraine

Description of the TC

"Integration through EVS" is a Partnership building activity that aims in long-lasting perspective to increase the number of targeted youngsters group in EVS projects. Discovering the reasons of passive participation in EVS projects by migrants, youngsters with a migration background,

and refugees as a result of fewer opportunities (particularly; cultural and social obstacles), sharing the best practices of EVS as an integration tool, discussions with youth workers specialized on working with youngsters with fewer opportunities will support the PBA participants to come up with different EVS projects fostering integration and active participation of youth with fewer opportunities.

The objectives of the PBA are;

- to** re-explore the concept of EVS and its philosophy
- to** get advanced knowledge about EVS structure
- to** explore the local communities' needs for future EVS projects
- to** establish good and trustful atmosphere for future partnerships
- to** develop EVS projects for the integration of youngsters with fewer opportunities

In long lasting perspectives, The PBA clearly links to one of Erasmus+ Programme objectives, as it contributes to the achievement of overall objectives of the renewed framework for European cooperation in the youth field(2010-2018). Particularly PBA contributes the achievement of the second objective of Youth cooperation framework(2010-2018) that is "to encourage young people to actively participate in society". Project applicant team is sure that the selection of Key action 1; Mobility for Youth Workers-Partner Countries as project format will serve at its best, giving opportunity the partner promoters from EU and Neighboring countries exchange information, experience, develop ideas and implement projects promoting active participation.

Profile of the participants.

The project is open for;

- members of NGO decision-making bodies,
- EVS managers,
- EVS coordinators
- other young professionals, who are ready to develop EVS projects.

Project venue and accommodation

The training course will take place in [Erlebnis Hotel Drobollach](#). Our hotel is located directly on Lake Faak lake in an peaceful environment. The two to six bed 25 rooms are with WC and showers.

The hotel offers lots of sports activities. The outdoor area offers plenty of space: a natural arena, a beach volleyball court, a multifunctional court (football, basketball), forest ropes course, a ping pong table and a private beach with its own bridge and boathouse.

The participants will stay in 3 or 4-bed rooms, the sessions will be implemented in the hotel conference room in the same building. If you need any special medicine or other personal items please take those with you.

The applicant and host organization

Zeit!Raum is an SPO (Social Profit Organization) which was founded more than 20 years ago (1995) and has continued to expand its fields of work. Zeit!Raum is relatively new in implementing Erasmus+ activities, though the NGO has implemented several Youth in Action projects. During the implementation of our everyday activities, we came to the conclusion that the aims the organization holds and the goals pursued by the Erasmus+ Programme correspond quite often. This gives us the reason to come to the conclusion that our NGO can use the opportunity of this Programme to reach the common goals. Zeit!Raum has experience in organizing several activities in and outside of Vienna. Here is the short list of the activity fields, in which Zeit!Raum works throughout the year.

Children and Youth Work in the 15th district of Vienna
Children and Youth Work in the in the 22nds district of Vienna
Accommodation of asylum seekers and (minor) refugees.
Refugee Support (Tempus, Z!R Wohnen)
Private Kindergarten „fun&care“
Council Housing Museum
German courses for children and recognized refugees
