BACKGROUND AND CONTEXT

CASCAIS EYC2018 in cooperation with **DYPALL NETWORK** is organizing the **International Conference “Youth Work at Municipality Level”** in Cascais (European Youth Capital 2018), focusing on the theme of “Creating Sustainable Youth Policies at Local Level” - youth policies and youth work at Municipality Level, with a specific focus on inclusion (NEETs, migrants, youth at risk and marginalized youth).

The International Conference comes in the follow up of several European guidelines that have been recently established **highlighting the importance to mainstream youth at local and regional level that have identified the need to tackle these issues at grassroots.**

However, to be able to find effective paths for this direction to be taken, and to keep improving impact and outreach of our activities, stakeholders need to meet, discuss, reflect, exchange practices and develop their competence to work together on such themes.

The Conference is the flagship event for youth workers, youth leaders, young people and public officers from local and regional authorities that work with youth in their local realities. They will come together for 4 days to share debate and discuss about key policy fields to find ways to improve youth work at municipality level and increase youth participation on policy making at local and regional level.

OBJECTIVES

1. To develop the capacity of Local Authorities (LA) and Civil Society Organizations (CSO) and their youth workers to **work together on the field of youth public policy** to provide answers to the challenges of participation, inclusion, unemployment;
2. To identify and promote good practices and **mechanisms for youth participation in decision-making** and debate about their potential and challenges on public governance
3. To **share practices** of inclusion and engagement of young people at local level
4. To develop more inclusive approaches to foster participation of **young people with fewer opportunities**

into spaces such as local youth councils and youth fora

5. To allow youth CSO and LA to share their best practices in terms of **cooperation between local authorities and civil society, with a specific focus on how to target NEET youth, young migrants and other marginalized youth**

The conference will held the **Assembly of Members and Partners of DYPALL Network**. This meeting will allow for all the members and partners of DYPALL Network to gather and work on the future network priorities, discuss on how to mainstream our network values, objectives and work, deepening the connection among stakeholders working in the field of youth work and youth participation in different dimensions, levels and spheres.

DYPALL Network is a European initiative created by municipalities and civil society organizations in 29 European countries. DYPALL Network focuses on developing youth participation at local level, through the development of strategies, building structures and relations of trust and cooperation between actors. This necessity and the similar experiences of several partners, made visible the common need to reinforce participation not only among young people but among all citizens. Through this project partners aim to work in a stable and systematic way on themes of common interest and strengthen the cooperation among local authorities (LA), civil society organizations (CSO) and citizens, where the creation of mutual understanding and learning spaces are the main goals.

The activity is co-funded by the Erasmus + Programme of the European Union, managed in Portugal by the Portuguese National Agency for Erasmus+ JÁ
