invites you for

INCLUSIVE LEADERSHIP PROGRAMME

1 year training programme for advanced youth leaders
to support competences development of youth leaders/workers
and enhance inclusiveness in youth work in Europe
consisting of 2 youth workers mobilities in Germany!

Erasmus+

2019-2-DE04-KA105-018120

Organiser: Verein für inklusive Erlebnispädagogik

Funding: Erasmus+ KA1 Mobility of Youth Workers

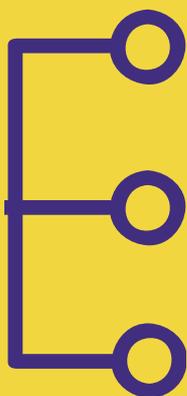

Participants: Youth Leaders with experience in the field of youth

"The why"

We see in our societies growing need to develop sense of solidarity and inclusiveness. Rise of extreme attitudes, return of nationalisms are holding us back, whereas the Europe is rapidly changing, becoming more diverse. Our mission is thereby to prepare young generations for growing diversity of the societies of Europe, as well as empower all young people, especially vulnerable ones to be active and integral part of this society.

To do that we want to create a network of youth leaders/workers who will support inclusiveness of youth work all around Europe!

The structure

1) Seminar for exchange of good practices on inclusive methodologies and their base in the European Youth Policy

--> 8-17 September 2021 in Berlin
4 persons per country!

2) TC on adopting inclusive approach into adventure based learning methodology, boosting inclusion, solidarity and diversity in Europe

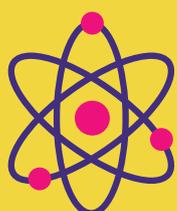

--> 22-30 November 2021 in Nürnberg,
3 persons per country.

The target group

For both meetings we invite youth leaders and youth workers, who are experienced in the field of youth, understand values and principles of youth work at European level and wish to develop their competences further.

Preferably participants should participate in both meetings.

Participants of this programme will join the network of youth leaders/workers with "Inclusion Supporter" quality label granted by Verein für inklusive Erlebnispädagogik.

They will be offered to support inclusiveness of youth work in various places in Europe in the frame of European Solidarity Corps actions.
