

INTERNATIONAL TRAINING COURSE

# EURONAVI

PROMOTING CIVIC  
ENGAGEMENT THROUGH  
VIDEO

BERLIN, 1-9.12.2021

Erasmus+

**1.12.2021 - ARRIVALS**

**9.12.2021 - DEPARTURES**

# OBJECTIVES:

- to understand in what Europe young people want to live
- To find a space for civic engagement of young people and co-creating the future of Europe
- to discuss the role of youth work as a bridge between young people and decision makers
- to train youth workers to design and run engaging educational programs based on making movies
- creating a documentary movie on the topic of the project

Many young people say nowadays that Europe is on the crossroad. The trust in the idea of Europe is decreasing and society tend to return to national divisions. Recent events like Brexit, rising interest in right winged ideologies and Euroscepticism discourage young people to believe in the idea of united Europe. In general, young people's trust of public institutions at all levels is falling.

We observe that young people lack the sense of solidarity. They are focused on themselves and their personal well-being rather than about the society they are living in. Our society has insufficiently invested in empowering young Europeans to effectively engage in solidarity activities.

The second training course will focus on different possibilities how young people can influence the decision-making process. Participants will learn how does European Youth Policy work, what is the idea of open method of coordination and how is the process of Youth Dialogue.

During the second training we will learn how to edit movies, select and cut material, reduce disruptions, add narration and subtitles. Participants will learn how to work with FinalCut but also with very simple free software like Canva or basic movie maker.

Training course is dedicated to experienced youth workers and trainers who have previous experience in facilitation of non-formal education activities and are working directly with young people in their countries. No technical skills in movie making are required.

**NOTE:** The project consists of two trainings that are complementary to one another. During the first one we will learn how to record movies, during the second - how to edit them. The final product, documentary movie will be created during both trainings. Therefore it makes sense that all participants join both trainings.

## VENUE:

Training will take place in Abenteuerzentrum im Grunewald. The youth center is situated in a forest, in a calm and nice area of Berlin-Grunewald. The place is located outside city center, but it is easily accessible by public transport (25 minutes by bus from the ZOO station). Nevertheless, it is not a fancy hotel, but a youth center with rather scout conditions: big rooms, common bathrooms, long hall and some common spaces for free-time. Next to the building there is a high rope course, outside ping-pong tables, swings, barbecues, Mongolian village, the forest and a beautiful lake.
