INCLUSION IN ERASMUS+ PROJECTS

Milan, Italy - November 6-10, 2022

- Evaluating the projects that the members of the network have developed till that point;
- Setting the basis for the creation of an international network for the inclusion in Erasmus+, in the framework of our Erasmus+ accreditation;
- Creating common standards for the involvement, preparation and follow up of participants with fewer opportunities;
- Designing a system to guarantee a higher budget for sending organizations in activities involving young people with fewer opportunities, in projects led by Associazione Joint;
- Making agreements about mutual cooperation in future projects in the field of inclusion;
- Planning the activities for 2023.

2 Online preparatory meetings

The 2 online meetings will happen during the month of October and will aim at setting the basis of the "Position Paper" on Inclusion, that we will finalize during the meeting [see "Outputs"]

The PBA

During the meeting of November 6-10 we will produce the outputs and agree on the future projects.

1 Follow up meeting

The follow up meeting will aim at monitoring the dissemination of the Position Paper and the reaching of the other results.

A Position Paper on Inclusion

to propose changes to foster the inclusion of young people with fewer opportunities in the Erasmus+ programme. The document will be then shared on youthnetworks.net and sent to the relevant stakeholders, such as EACEA, the National Agencies, to organisations in the field, other networks etc, depending on the conclusions.

Relevant partnerships in the field of inclusion

We will create mutual partnerships on Erasmus+ projects, targeting young people with fewer opportunities. This will give to each organization involved the possibility to send abroad and host people from this specific target group.

In the meeting we want to involve the organizations active in the field of social inclusion, especially those with whom we have a long term and trustworthy relationship.

Furthermore, we want to involve new partners, small organizations and new-comers in this field. In this way, we want to share good practices with a wider and wider network of organizations.

Each organization will involve 1 member of the staff with a key position. This will give the opportunity to take decisions on the spot.

Considering that we have only 25 places, we will need to do a selection.

Therefore, please:

- fill the form **by Friday, September 23rd.**
- consider that we will take into consideration only candidates with a relevant role and experience in the field of European mobility and volunteering.
