

PBA V TEAM

PARTNERSHIP BUILDING ACTIVITY

Pinos Genil (Granada) – 17th-22nd October 2022

CONTEXT

Volunteer projects are a great opportunity for personal development for volunteers, as well as actions for change and improvement in the communities that host them. But there are many young people, especially those with fewer opportunities, who do not feel ready to face a long-term project on their own.

To help them embark on long-term projects we have a tool that unfortunately is used less than we need: volunteering team projects.

These projects require specific capacities in the entities that manage them and good partners that help their proper development. And for this we propose this activity.

“V Team” is a Partnership Building Activity (PBA) that aims to increase knowledge about volunteering team projects and to create a solid and trustable network of partners interesting in organizing them, both, from program countries and partner countries.

Through the principles and practices of non-formal education and in an atmosphere where participants can learn from each other, “V Team” will include teamwork and network activities, capacitation activities and exchange of ideas and practices to inspiring projects.

Also, this PBA is to support organizations in their work with young people with fewer opportunities and help them understand how volunteering team opportunities can be used to challenge perspectives on inclusion, personal development, resilience and confidence building.

Objectives:

- To foster partnership building of potential hosting/supporting organizations equipped to support volunteering team projects.

- To support the development of partnership and sustainable networking between program countries and partner countries in European Solidarity Corps.
- To help participants gain knowledge on the key activities involved in ESC and provide a space to nurture the development of volunteering team project ideas.
- To provide a space and the opportunity for ESC coordinators to exchange their experiences, share good practices and support each other in the management of ESC volunteering team projects.
- To motivate organizations to host and send volunteers with fewer opportunities.

If you take the bus 33, you should buy the ticket from the bus driver (1.40€, they don't accept notes of more than 10€, only cash) and stop in Paseo de Los Basillos 1 (around 20-25min trip from Bus Station and 10min trip from Train Station).

If you take the bus 4, you should buy the ticket in the machines that are at the stop (1.40€) and validate the ticket before boarding the bus and stop in Paseo de Los Basillos 1 (around 10min trip from Train Station).

On Saturday 22nd is the departure day. The first bus to go to Granada is at 8.00h (arriving in Granada at 8.40h), so bear in mind this to plan your trip back.
