20:00 - 21:30		Welcoming	Free evening	Dinner out	End of the programme

\*Please know that the programme is subject to potential change.

# Flow of the seminar

## **Day 1 - 19 November - Arrival**

Arrival is planned before dinner so you have time to settle into your room and prepare for the days ahead. After the welcoming dinner we'll have a light evening session. This will be a first opportunity to get to know each other and to take some practicalities out of the way.

## **Day 2 - 20 November - Explore**

This day is all about exploring: the programme, the group, the topic, the youth work contexts, and the experiences that all of the participants bring. Big questions will be: What does it mean to live in a society that is shaped by migration? How is this reflected in youth work on the local, national and European level? What barriers exist that we need to look at more closely?

## **Day 3 - 21 November - Exchange**

After the exploration we are ready for exchange! We first look at the topic of inclusion within Erasmus+ and European Solidarity Corps. Afterwards we give the floor to you: we want to hear your examples of overcoming barriers and implementing tools, practices, and changes. We will also explore the local reality in Vienna and (probably) have a study visit combined with a lovely dinner out.

## **Day 4 - 22 November - Execute**

Now it's time to act: we want you to take something concrete back home to make your participation worthwhile. We will identify actions or steps that you can implement in your community and reality. We will also co-create an output that can help you, youngsters, youth workers, and youth organisations that want to be more involved within Erasmus+ and European Solidarity Corps. Lastly, we'll take time to reflect and evaluate.

## **Day 5 - 23 November - Departure**

Safe travels home after breakfast.
