Youth workers may include paid employees, as well as volunteers and other types of collaborators of an organisation active in the youth field.

Participants should have **at least some minimum experience in organising Erasmus+ Youth projects** (keep in mind that this is not a training course, so we will not have time to explain in detail how such projects are organised). This said, participants and organisations with any relevant experience (limited or broader) are more than welcome.

Age limits: 18+, no upper limit

What you may need to prepare if you are selected?

- Brief information about the organisation you represent and the youth work that you do (at local and European level)
- Brief information about any European level youth project idea that you may have and would like to find partners for. This is only if you already have an idea.
- Optional: if you have any good examples from your youth work, of involving and building a community of active and committed young people in your local area, and you are willing to share, it will be appreciated.
