# DIGITAL NOMADS AND THEIR POTENTIAL FOR YOUTH WORK IN RURAL EUROPE

## VIRTUAL WORKSHOP 23rd of November at 9.30

# nomadland

# VIRTUAL WEBINAR

Come and join a virtual webinar, taking place on the 23rd of November at 9.30, where we will talk about the new trends within youth work.

In Europe, there's a growing trend of digital nomads who are (re)discovering European Countryside. They spend a few weeks or even months in colivings and retreats, focused on young people who want to escape the city rush and connect to nature.

The virtual webinar will guide you through our project, Nomadland, which has been supported and co-financed by the Erasmus+ KA2 grant.

We will share with you how digital nomads can contribute to the youth work in the countryside, present our special magazine, a Nomazine, where we published 20 good practices in the countryside and prepared ten interviews with digital nomads.

You will have unique opportunity to have a fresh look in our guide to attracting digital nomads to the countryside with a special focus on the youth work, and contribute with your own ideas!

**A 3-hour event, which will take place on the 23rd of November at 9:30 a.m., will be a unique possibility to:**

1

## **LEARN ABOUT THE TREND OF DIGITAL NOMADISM**

The virtual meeting will be a great possibility to learn who digital nomads are and their way of life. As a part of the Nomazine magazine, we asked ten digital nomads to share their stories with us.

2

## **DISCOVER 5 HIDDEN AREAS IN EUROPE**

You will have a chance to participate in the workshop, where we would like to hear your suggestions and ideas on attracting digital nomads to the countryside!
