The project

It's a seven-day training course on the topic of **GRAPHIC FACILITATION, GRAPHIC RECORDING** and **VISUAL THINKING**, funded by the Erasmus+ Programme.

During the project, we will discover **what** graphic facilitation and graphic recording are and **how** we can use them in youth work. We will exchange knowledge, try out new methods and most of all: practice a lot!

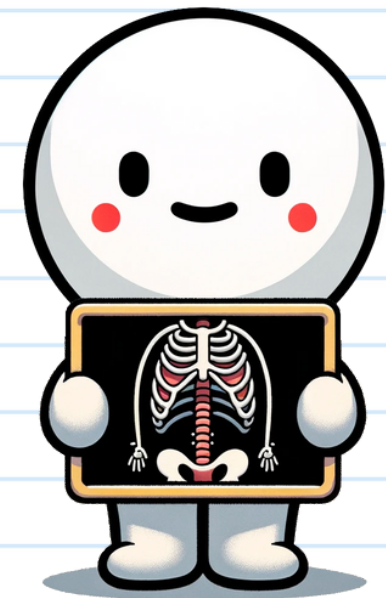

AFTER PARTICIPATING IN THE PROJECT YOU WILL:

- **develop** your theoretical and practical competences in graphic facilitation and digital tools;
- **discover** the power of visual creativity in youth work, both as a method and as a goal in itself;
- **learn** about visual support in the learning process with respect to the topic of accessibility and learning styles;
- **become** more self-confident in graphic facilitation and creativity.

Travel

- **ARRIVALS: 27th of April 2024** (all-day)
- **TRAINING DAYS: 28th April - 4th May**
- **DEPARTURES: 5th May** (before 10:00)

Asturias, our beautiful region, isn't directly connected by flights to many countries. With some luck, you might find some good, cheap flight options to our airport OVD (**see list here**). Otherwise, you'll likely fly to Madrid or Bilbao and then take a bus. This means your journey might take a bit longer, but we'll make sure to give you all the details you need if you're joining our training course.

You can choose to come to Asturias 2 days before the course starts or stay 2 days longer after it ends, but this will be at your own cost. Please let us know your plans in advance if you decide to do this! Here you can find two interesting videos on our region:

The Erasmus+ Programme finances the travel of participants, up to certain limits depending on the **travel distance**.

Participants, in order to ensure their presence, will have to provide for their travels and will get their reimbursement after **completing the follow-up phase**.

We highly recommend you use the **most eco-friendly means of transport** you will find. Contact your sending organisation if you need assistance.

Reimbursement

How does it work?

Before the training course, you will have to purchase your tickets to travel to Spain. During the activity, we will collect all the receipts and tickets, sign a reimbursement contract and, once the dissemination is completed, send you the transfer back.

Important:

- Only tickets **approved before** the activity by the hosting organization will be reimbursed
- Remember to keep all your receipts and tickets
- You have to **participate in all the sessions** of the training to get the reimbursement

Dissemination

What to expect after the training course:

Every participant involved is expected to collaborate with the teammates and the sending organization to **produce an article** about the project's activities and their impressions. This article should be presented on the website or social media of the partner organisation respective to their country.

Within **two months** of the training course each participant, individually or in teams, should arrange **follow-up workshops** focused on the training topic. Partner organizations will support them in the process.

Please note that the reimbursement process will not begin until the **dissemination phase** has been completed.

Once selected...

Once the selection of participants is completed, you will receive:

- The **programme** of the activities and some tasks will help you to become more prepared for the training course;
- Some **practical information** (how to get there, weather, currency etc);
- A complete list of **what to bring** will help you come prepared;
- A form where you can share with us your **dietary requirements**, other preferences and emergency contacts;
- An invitation for the **Facebook group** of the project, where we will start getting in touch with everyone.

VERY IMPORTANT: Please, before applying to this project, take into consideration that this is a non-formal **learning activity** financed by public money. We are looking for motivated participants, willing to work on the **program for 6/7 hours daily**.
