

# Youth Worker Exchange

Candriai, Italy | 13-19/11/2024

# What's a YWE?

***Youth worker exchanges are part of the European Erasmus+ programme which offers opportunities to organize projects for the mobility of young people and youth workers.***

For youth workers, organizations can take part in opportunities to support the professional development, capacity building, network of youth workers and thereby the development of quality youth work at local, regional, national, European and international level, through non-formal and informal learning experiences in mobility. More specifically, mobility projects for youth workers aim to:

- Provide non-formal and informal learning opportunities for educational and professional development of youth workers;
- Build a community of youth workers that can support the quality of projects and activities for young people in EU programmes and beyond;
- Develop local youth work practices and contribute to capacity building for quality youth work of the participants and their organization, having a clear impact on the participating youth workers' regular work with young people.

# What are we going to do?

### *Let's decide together!*

First thing to say: we will build the Exchange together and for sure we are gonna SHARE!

The main topic is how to narrate the European Union to the Youth! And how we can promote it through our work!

Our agenda for the Youth Worker Exchange program under Erasmus+ will primarily focus on creating a platform for participants to share their diverse professional experiences within the sector, with a particular emphasis on recognizing and harnessing individual skills and competencies. This will be achieved through a range of engaging non-formal learning activities designed to foster collaboration, reflection, and personal development.

# A draft of the program

What we will do:

- Workshops: sharing work best practices about how to foster youth participation on different topics, event planning, and youth needs
  - Networking opportunities, to meet and connect with other youth workers and youth organizations from different countries.
  - Group projects: We will think, design and create some podcasts to summarize our ideas and to spread the message
  - Study visits : Visit youth organizations, youth centers, youth projects and youth initiatives to learn more about the youth work and best practices in Trento.
- Reflective practice: Facilitation of sessions to reflect on their learning and experiences during the exchange.

Of course the activities should be tailored to your needs and interests! So we are going to review the agenda together based on your contributions, ideas and suggestions! ;)

## Who can participate

The project targets youth workers from all over Europe who work closely with young people and the EU topics, such as youth workers, info desk, European foundations or realities etc... To take part in the project you must be involved in youth information and orientation activities and you must belong to an organization involved in such activities. A total of 24 youth workers can take part in this exchange, with each partner sending maximum 2.

## When

The exchange will take place from the 13th till the 19th of November 24 (13 and 19 being travel days).

## Where

The house is located in Candriai di Monte Bondone, a locality of Trento. Here you have some pictures of the house.

## Board and...

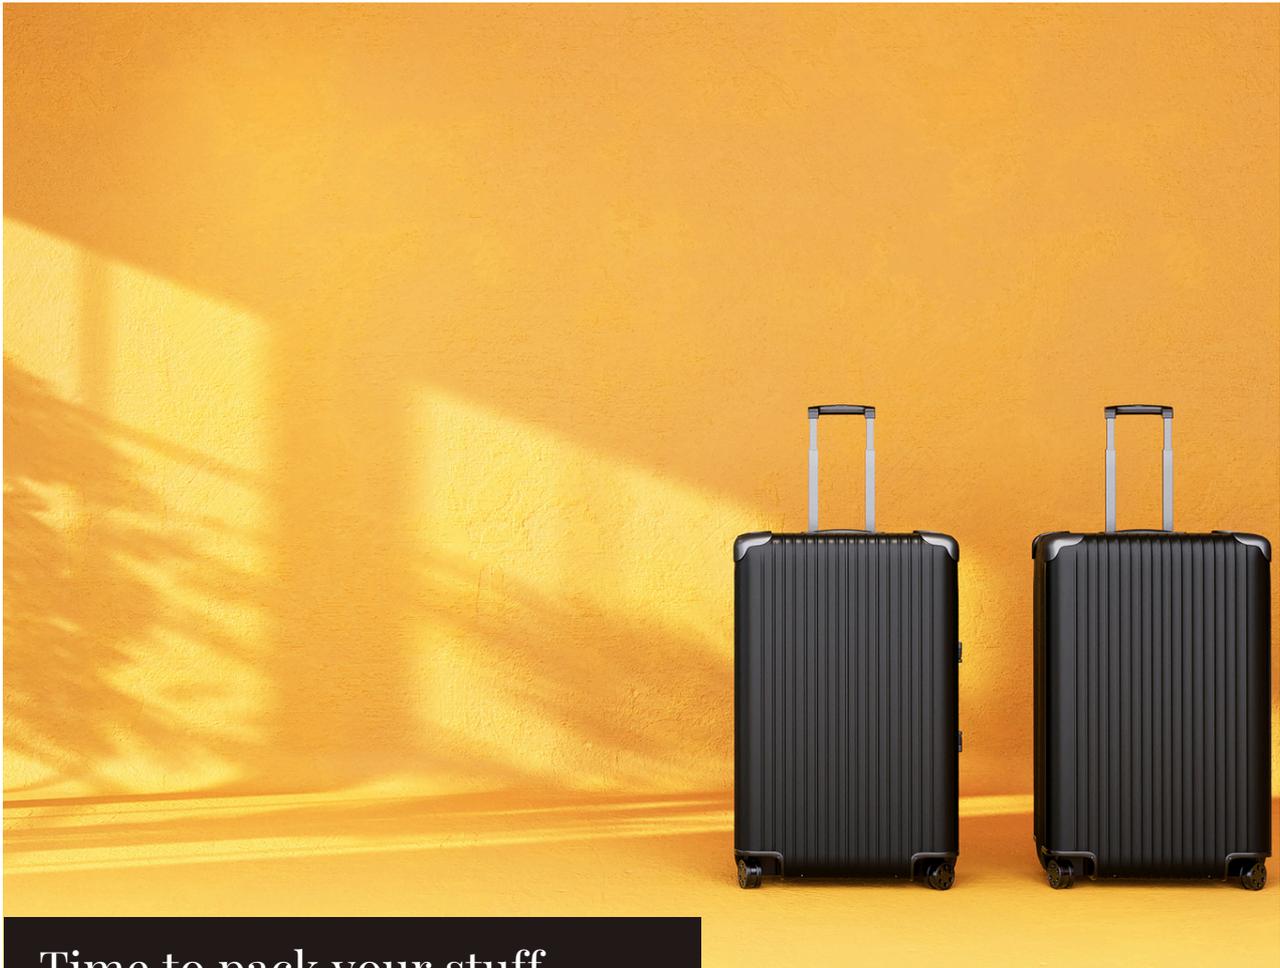

Board and lodging are provided by our organization during the whole youth worker exchange.

## ...lodging

The house is a self-catering house with a nice equipped kitchen, a common room and big shared bedrooms. We will cook together our meals in a community environment.

### *How to get to Trento*

#### *By Aeroplane*

Trento doesn't have an airport. Therefore we have to choose the closest airport to Trento that has a good bus or train connection.

We recommend Bergamo (BGY) as it has a good Flixbus connection to Trento. Depending on your finances and ease you can choose either of the listed options.

NOTE: after landing in Italy, you have to use either a car to reach Trento. Do make sure that here is a FlixBus or a train connection that matches your flight.

#### *By Train*

For some, the train might make more sense. Trento's station is located in Piazza Dante. You can buy the train tickets online.

#### *By Bus*

You can reach Trento easily by Flixbus which stops 600 meters away from the train station.

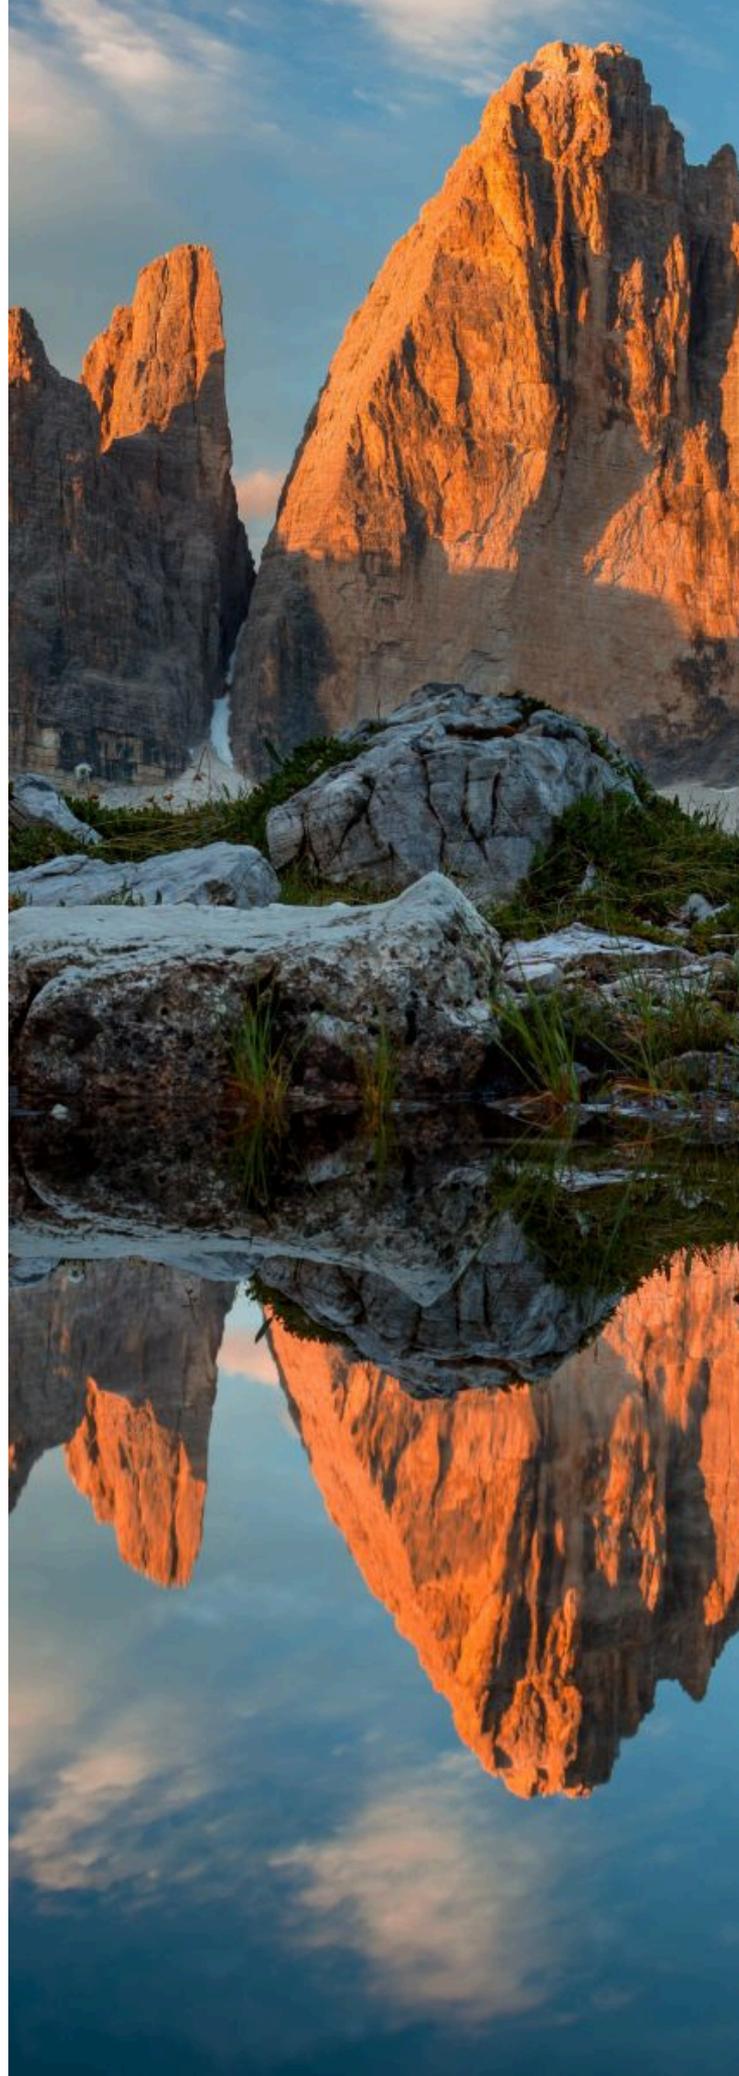

### **Important**

We recommend not to book return tickets for early morning in order to have time to reach the airport (see first bus/train connections): it will be difficult to find transport to your chosen airport early in the morning.

## *Here you have some pictures of Trento*

Trento is the capital city of the autonomous province of Trentino Alto-Adige, situated in North Italy.

Trento is a major hub for students as it is a major educational, scientific and political center with University of Trento which is ranked amongst the best universities in Italy.

## About us

### **Associazione InCo APS**

InCo - Interculturality & Communication APS is a non-profit association in Trento who's aim is to create opportunities for people of different cultures to meet in order to increase intercultural sensitivity and international solidarity among young people, to encourage their active participation in society, but also to offer concrete opportunities for non-formal learning, personal and professional development. InCo organizes and manages international mobility projects for young people and youth workers since 20 years, hosting 30 ESC volunteers (10-12 months) each year, organizing youth exchanges and youth workers exchanges every year.

### **Civico 13**

At local level InCo manages a public service Civico13 - Lo Sportello Giovani del Trentino, created by the Municipality of Trento and the Province of Trento. Civico13 is a youth information desk, which aim is providing information to youngsters on job, volunteering opportunities. Civico13 is also Eurodesk point which gives information to youngsters on Erasmus+ programme and ESC programme.

Civico13 offers orientation services for young people regarding work, CV writing, volunteering, going abroad.

### **Fondazione Trentina Alcide De Gasperi**

The Alcide De Gasperi Trentino Foundation was established in 2007 by the Autonomous Province of Trento and the Luigi Sturzo Institute in Rome.

It carries out research, training and cultural dissemination activities aimed at deepening and enhancing the figure of the great statesman from Trentino. Interpreting Degasperri's message in a contemporary key, it promotes political culture, autonomy and Trentino's historical and cultural identity, civic participation, and knowledge of international and community institutions, collaborating with the provincial museum system and with various scientific and cultural institutions in Trentino and nationally to develop new approaches and new forms of communication and education, directed in particular at young people.
