

# Partnership Building Activity

## Addressing the needs of the NEETs

13- 20 October 2024  
Thessaloniki, Greece

# THE IDEA

The Partnership Building Activity aims to bring organizations interested in working with people in NEET (neither in education, employment or training), to create long-term KA2 projects (Cooperation Partnerships or Small Scale Partnerships) that will foster access to people in NEET, inclusion, and empowerment.

The objectives of this project are:

- exploring ways how to reach people in NEET
- exploring the Erasmus+ program, especially KA2 as a possibility for longer projects for NEETs
- creating a network of organizations interested in working with people in NEET

Specific objective of this Partnership Building Activity is creation of 3 project ideas that will be developed in concrete project and applied in next deadlines

# PARTICIPANTS PROFILE

**We invite active and engaged youth workers who are committed to their organizations and communities, eager to learn and share, open-minded, team-oriented, and motivated to collaborate in a multicultural environment. Our ideal participants are enthusiastic about acquiring and disseminating information and knowledge simultaneously.**

**Specifically, we seek individuals such as project coordinators, project managers, and youth workers involved in developing KA2 projects centered around intercultural learning, dialogue, tolerance, and the promotion of human rights.**

**We strongly invite youth workers facing difficulties such as social, economic, cultural or any discrimination barriers.**

# Preparation and program

---

**This project was developed to respond to the needs of youth workers in exploring creative ways to reach people in NEET (neither education, employment or training) to empower and engage them, as well as to offer them opportunities for development through the Erasmus+ program.**

**This Training Course will enable participants to share good practices and together to network and explore what they can offer the people in NEET. Therefore participants will bring information and experience about NEET's in their community / country, will share good practices from their daily youth work and point out specific needs.**

---

**Based on the shared information, participants in smaller groups will try to develop Key Action 2 projects that will tackle different needs of NGOs and NEETs. For this purpose we are looking for participants that have active role in their NGOs and have previous experience with Erasmus+ projects.**

**The program will contain interactive non formal educational methods and concepts that will give the youth workers knowledge and ways to reach out to people in NEET and support them. Also we will explore the project management part of Key Action 2 projects with aim to develop maximum of effective project ideas that will have significant impact on organisations and other beneficiaries.**

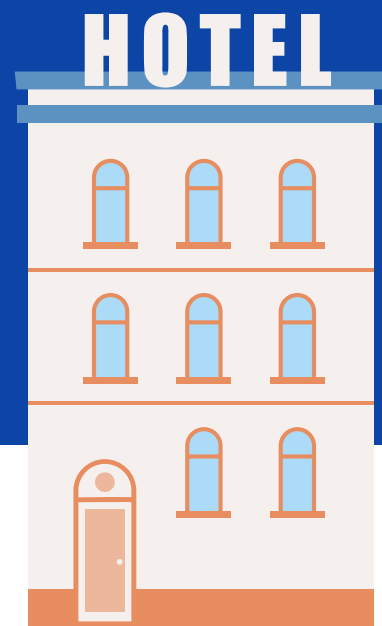

**Therefore we encourage the participants selected for this project to prepare relevant information to share with the rest of the group and to already have a basic project idea that they want to develop together with other people from the group, that have similar ideas.**
