D. BACKGROUND AND EXPERIENCE

Please briefly present the partner organisation	Club Deportivo Plasencia Fútbol Sala is a non-profit football club. It was born in 2012, founded by a group of young friends who love, especially football. At the beginning we created only a Senior team to compete in the federated category within the competitions of our Regional Football Federation. Two years later, in 2014, the board of directors of our club formed its teams in lower categories through various agreements with several schools in our city to carry out football activities from the grassroots level. Since then, we have been trying to promote physical activity and grassroots sport, as well as healthy lifestyle habits. Some characteristics of our entity: Training and Development: We focus on the integral education and training of the young footballers, working on technical, tactical physical and psychological aspects to improve their skills and performance on the field. Age categories: The club is organised into categories according to the age of the players, from Zagalines (3-5 years) to Cadetes (15-16 years). Each category has a specific focus and programmes adapted to the needs and abilities of the players in that age range. We currently have 8 teams, and more than 150 boys and girls in the different categories and modalities: indoor football, 8-a-side football and 11-a-side football. Values: we promote the teaching of values such as companionship, respect, discipline, responsibility, teamwork and sportsmanship. These values are development and coexistence in the sporting environment. Our philosophy is promote respect towards teammates, coaches, referee and search the fairplay.
