i. What are your organization's main activities (1000 characters)

Our association carries out activities in educational, social, cultural, artistic and environmental fields. Among the founders and members of our association are educators, researchers and people working in the field of culture and arts.

Our Activity Areas:

- To improve the educational conditions of Z and later generations. Developing and implementing alternative education systems.
- Training, seminars, courses, workshop etc. aiming at personal and professional development in order to support lifelong learning, certification of qualifications, environmental sustainability and increase employment. to implement events / certificate programs.
- To carry out activities that support the sustainable development of civil society, to conduct researches for the development and activation of these activities
- To carry out supportive and remedial activities for the disadvantaged groups such as the elderly, women, individuals with special needs, children and displaced persons.

ii. What are your organization's activities in the field of this application?(1000 characters)

Our association conducts activities that enable disadvantaged groups and young people to access educational, cultural and artistic opportunities.

Our training programs support personal-social-educational and artistic development.

Our training programs are for parents as well as students. We implement training programs to contribute to the professional development of teachers.

We implement trainings and activities on equal access to educational opportunities, inclusion, environmental sustainability, peaceful society, respect for differences.

This project will enable us to develop our education and social support capacity and to develop in the active participation of all target groups the development of teachers/learners/parents.

iii. What profiles and ages of learners are concerned by your work?(1000 characters)

3+ years.

Our activities; It is applied to students from all educational levels, including pre-school period. In addition, we have activities for adults and in this sense we work with all age groups of 3+. We work with schools, institutions that have disadvantaged groups of students including SEN pupils, migrant families, Roma people and we mainly focus on inclusive methods with those group of students, parents and teachers. We also work with teachers and managers who are enthusiastic to develop their competencies and catch up with the new improvements in education. Training teachers and

managers is an effective method of training students indirectly, qualified teachers are the most important elements of qualified classes and learning environments that creates more inclusive classes.

Erasmus+

OTHER INFORMATIONS

There are expert personnel working in psychosocial and educational fields within our association. We are working on the following subjects, and we are willing to develop/be involved in your projects on these subjects:

- Developing and implementing alternative education models
- Youth work
- Adult education
- Digital transformation,
- Sustainable environment,
- Sustainable living,
- Inclusive education,
- Individuals with special needs
- Bullying
- Philosophy for children

We can prepare and implement training programs for our transnational partners on the above-mentioned issues. We have personnel who follow the project activities and have good communication and cooperation potential. We are carrying out our project named "Step To Anti-Bullying With Philosophy And Non-Violent Communication," which was approved in 2021, with the partnership of Poland, Lithuania and Italy. Within the scope of this project, trainings on P4C technique are given by our experts and workshops are held.

We can assist you in the project writing and implementation phases.

We can prepare and implement LTT programs.

We are experienced in preparing and implementing a visibility and communication plan.

Eskisehir city, where our association is located, is a modern city in Turkey and is a must-see in terms of historical and cultural values. It is 1 hour away from Ankara, the capital city of Turkey, 3 hours from Istanbul and 4 hours from Antalya city(seaside)
