<p>Please briefly present the partner organisation.</p>	<p>Ballade is a French cultural NGO working for inclusion through pedagogic &amp; artistic actions.</p> <ul style="list-style-type: none"> <li>- INTERNATIONAL ACTIVITIES  First project, BalsiKa, initiated in 2006 between Strasbourg &amp; Bosnia Herzegovina, organized meetings of youngsters to create fraternity relations among youngsters from Balkans, whatever their country, community, religion, through a multicultural, pluricommunitary, supranational orchestra, playing traditional music from all Europe. France, Germany, Bosnia-Herzegovina, Serbia, Croatia, Montenegro, Turkey, Albania, Macedonia, Greece, Slovenia, Kosovo, later Ukraine, Belarus, Poland, Spain, Armenia, Roumania, Italy, Slovakia joined this project.  Ballade is led a reflexion on the place of artists as social actors through a K2 project.  Ballade opened to any type of music as long as it is open to all and doesn't include selection and competition.  Our main objective is to use music as a tool of peace, reconciliation, inclusion.</li> <li>- ON LOCAL LEVEL,  Ballade involves in several social &amp; educational actions with cultural projects towards people that are, for economic, cultural, migration or educational purposes, in an environment lacking cultural roots and activities. These socio-cultural via music workshops aim to enhance social links through emotional activities leading to pleasure to live-together (by playing together).  Volunteers (ESC &amp; civic) are involved in these projects.  Ballade trains musicians working in these workshops to teach in a non-formal way, to be aware of their social and psychological impact, to understand specificities and culture of public they work with, to be able to act as social artists</li> </ul>
<p>What are the activities and experience of the organisation in the areas relevant for this application?</p>	<p>Association Ballade already organised many mobilities with children, teenagers and young people: youth meetings &amp; exchanges, workshops throughout the year, as well with musicians, as for people with fewer opportunities.  Many members of association are much involved, both in activities during the year (particularly in local projects) and in exchanges, conducting discussions and wish to participate as leaders or young leaders and to transmit values and knowledge they gathered through their experience inside association. They are aware of their responsibilities and of the fact that this project helped them to make up their own ideas but has also a wider project, giving some meaning to their action in building future inclusive world.</p>
