Entrepreneurship Competition REC) in 2020 within the work team of the "Focus of Hope" project, and they are: Jumana Wasaya / Raghad Ibdah / Omar Abu Thaher.

See Link below:

https://drive.google.com/file/d/1323KtACMICEwkiD2uE1J4asfmfI2OXvX/view?usp=share_link

Which was held by the University of Alexandria in Egypt, where the company passed the first and second stages in the hope of passing the third stage. Likewise, Mrs. Jumana Wasaya participated in entrepreneurship competitions at the level of the West Bank and Gaza Strip within the entrepreneurship projects, where she was selected from among the best 162 entrepreneurial ideas in Palestine, which provided her with opportunities for expansion and advancement in the Hope project. Youth Training Company.

The company has launched three programs primarily concerned with youth advocacy and women's empowerment, as follows:

(1) The first program entitled "Training for Employment" targets graduates in Palestine.

The target group in this program is graduate students from Palestinian universities between the ages of 20-26, as this category includes bachelor's and master's students in various disciplines who are looking for job opportunities. Note: It was applied to four fresh graduate teachers from different universities. Attached are the details of the program (a previous project) among the required attachments in the portal.

(2) The second program entitled "Empowering Women Entrepreneurs in Palestine" aims to empower women entrepreneurs in Palestine.

Target group: Women entrepreneurs in Palestine, between the ages of 20 and 45, every woman entrepreneur who has a project idea that needs to be developed, directed and directed, and also every graduate who wants to start an innovative entrepreneurial project with the aim of empowering her. Capabilities and honing skills and many aspects in the field of trade and marketing, which in turn contribute to the development and advancement of the Palestinian society.

(3) The third program, entitled "Creating an Electronic Platform", included vocational, academic and technological training for young people and graduate students.

The target group in this program is youth and postgraduate students in Palestine, between the ages of 19 and 35, as this category includes all youth in Palestine.
