

Support mission
to develop
Accessible & Inclusif
Tourism for All

Activhandi is a french young startup that develop accessibility for all (outdoor activities, Inklusif-Accessible Turism, mobility, adaptive trails/Hiking...) we are support mission for several ski resorts, thermal cities...

The objective of our approach is to suggest **Universal Accessibility** ! offer for all users : Older persons, people with disabilities, families with stroller, pregnant women...

Our mission is to give the opportunities of peoples with deficiency to develop their mobility, autonomy and freedom in mountain (summer-winter) and in cities.

Member of
**Cluster
montagne**
Mountain Development France
