PRACTICAL ARRANGEMENTS

TRANSPORTATION

Arriving to Slovenia

Slovenia is easily accessible – the most popular way of reaching our country is **by plane** to Ljubljana (LJU), Graz (GRZ), Zagreb (ZAG), Trieste (TRS) or Treviso (TSF). There are **shuttle buses** available from all the surrounding airports by a company called **GoOpti**. It works like the public transport, but it is much faster and adaptable. So as soon as you know your arrival time to sLOVEnia, book your transport either to Ljubljana (or to Logatec petrol station if you arrive with the shuttle from an airport in Italy) or to Idrija.

Arriving to Idrija

If you arrive to Ljubljana (or Logatec petrol station), the bus schedule is available on the “**Nomago**” app that you can download where you get your phone apps.

In the first screen you click “**javni promet – enkratne**”. You can buy the tickets via the app with a credit card or you can buy them directly at the driver with cash or at the main bus station.

Once you are at the bus stop in Ljubljana, the bus will be somewhere between the **numbers 11 and 13** (the board above it will say).

You are entitled only to get a reimbursement of travel costs if you use **public means of transport**. The costs of a car ride or car rental cannot be reimbursed.

Make sure you keep all travel documents!!

Online boarding passes and tickets can be forwarded by e-mail as well.

IDRIJA YOUTH CENTER

Idrija Youth Center (Mladinski center Idrija) is a community space and youth node in the town of Idrija (Slovenia) that functions as a meeting place for young people and increasingly for the whole community of Idrija. The story of Youth Center Idrija dates back to 2008, when the need for a common youth space was articulated at one of the round tables organized by Idrija's Students Association.

A petition for the founding of such space followed and a vision plan for it was written by young activists of Students' Association Idrija and local Scouts' Association. After years of negotiations with local government, a 300 m² in the old monastery were given into use to young local people in 2012. Idrija Youth Center was thus formed as an umbrella organization by 3 local NGO (Scouts' Association Rod srebrnih krtov Idrija, Idrija 2020 Association and Students' Association Idrija).

ABOUT IDRIJA

Idrija is a town of some 6.000 inhabitants, and is located in Western Slovenia, halfway between Slovenian capital, Ljubljana, and the Italian border. It is a seat of municipality and functions as a centre of a broader Idrija-Cerkno region.

Idrija is a town of rich cultural and natural heritage. It boasts the title of “**the oldest Slovenian mining town**” as the first miners began to search for mercury here already in 1490. Later, 2nd largest mercury mine developed and Idrija became one of the most important mining centres in Central Europe. The broader town area is since 2012 inscribed to **UNESCO World Heritage List** with its heritage of mercury.

Idrija Youth Center has already hosted many volunteers in Idrija – see their stories on [#LivingInIdrija](#) blog!
