We have been involved in a KA152 project that was implemented in Italy. Our members have deep experience in organizing and participating in Erasmus + projects and our informal group is aiming to get involved in more projects.

Briefly About Youth Step to Europe

Youth Step to Europe is an informal group dedicated to empowering young individuals and fostering positive change within communities. Comprising enthusiastic and committed members, our organization operates with a vision to create opportunities for personal and collective growth among the youth.

Our objectives are:

1. To provide a platform for the personal and professional development of young individuals from Tbilisi, equipping them with skills and knowledge necessary for leadership roles.
2. To promote understanding and appreciation for diverse cultures through fostering a sense of unity and inclusivity.
3. To instill a sense of environmental responsibility and sustainable practices among the youth.
4. Creating space for leadership qualities, ensuring inclusivity, and inspiring the next generation of leaders committed to positive community impact.

Youth Step to Europe stands on youth-driven initiatives, emphasizing empowerment, cultural exchange, environmental awareness, and inclusive leadership. Our past participation in programs such as Erasmus+

reflects our commitment to contributing meaningfully to international exchange projects. As we continue to grow, our organization remains dedicated to creating impactful opportunities for young individuals, fostering a sense of global citizenship and responsibility.

Activities and Experience

Youth Step to Europe is a proactive youth group committed to creating transformative experiences for young individuals through a diverse range of projects. Embracing a non-formal methodology, we believe in the power of experiential learning and hands-on activities to empower the youth, fostering personal and collective growth.

Implemented projects by us:

Share Your Culture - the project focused on promoting cultural exchange through interactive events, workshops, and exhibitions. By embracing the diversity of our community, we aimed to create an inclusive space for individuals to share and celebrate their unique cultural identities.

YOUTH for Ecology - environmental activism took center stage in this initiative, where our organization spearheaded eco-friendly campaigns, community clean-up activities, and educational workshops. The goal was to instill a sense of environmental responsibility among the youth and promote sustainable practices.

We Are Young Leaders – providing leadership qualities among young individuals, this project utilized non-formal methodologies to provide skill development workshops, mentorship programs, and hands-on experiences. The emphasis was on inclusive leadership, ensuring that every participant could actively contribute to positive change.

Our organization firmly believes in the effectiveness of non-formal methodologies in creating impactful learning experiences. Through interactive workshops, team-building exercises, and practical initiatives, we provide a platform for hands-on learning. This approach allows participants to actively engage, fostering critical thinking, creativity, and a deeper understanding of the subjects at hand. Utilizing non-formal methodologies ensures that our projects are accessible, inclusive, and tailored to the diverse needs of our participants. By breaking away from traditional educational structures, we aim to create an environment that encourages active participation, collaboration, and the development of practical skills that extend beyond the classroom setting.

We are driven by our commitment to experiential learning. Through our initiatives our youth group has created dynamic platforms for cultural exchange, environmental stewardship, and inclusive leadership development. Our use of non-formal methodologies, including interactive workshops and hands-on activities, ensures that participants actively engage and gain practical skills, fostering a deeper understanding of the subjects at hand. As we continue to evolve, Youth Step to Europe remains dedicated to providing transformative experiences that empower and inspire the youth.

Skills and Expertise of Key Staff Involved

Anano Sikharulidze- head of Youth Step to Europe, has skills and expertise in project implementation. With a background in project management and youth development, Anano has demonstrated leadership in coordinating and executing various initiatives. Her proficiency in creating inclusive spaces for cultural exchange and her commitment to empowering young individuals have been important in the success of projects like "Share Your Culture." Anano's strategic approach and dedication to fostering positive change make her an invaluable asset to the organization.

Akaki Saburia – a leading member of Youth Step to Europe, brings a unique set of skills and experiences to

the team. With a background in environmental science and community engagement, Akaki has been a driving force behind projects such as "YOUth for Ecology." His expertise in designing and implementing eco-friendly campaigns, coupled with a passion for sustainable practices, reflects a commitment to environmental stewardship. Akaki's ability to inspire and mobilize the youth toward positive ecological impact showcases his leadership in creating a more sustainable and environmentally conscious community.
