D. BACKGROUND AND EXPERIENCE	
Please briefly present the partner organisation.	Menderes Municipality is dedicated to supporting and participating in European Union projects that drive innovation and regional development. We actively seek out and engage in EU-funded initiatives that align with our goals of fostering sustainable growth, enhancing technological advancement, and addressing local and global challenges. By leveraging EU resources and expertise, we aim to implement cutting-edge solutions and contribute to a more interconnected and prosperous Europe.

	<p>Environmentalism: Menderes Municipality is dedicated to protecting and enhancing the natural environment through sustainable practices. Our mission is to promote eco-friendly initiatives, reduce pollution, and ensure the preservation of natural resources for future generations. We are committed to implementing effective waste management systems, encouraging recycling, and fostering a culture of environmental responsibility within our community.</p> <p>Agriculture: Our mission in the field of agriculture is to support and develop sustainable farming practices that contribute to the local economy and ensure food security. We aim to promote innovative agricultural techniques, provide resources and training for farmers, and enhance agricultural productivity while preserving the land and natural resources.</p> <p>Sustainable Energy: Menderes Municipality is committed to advancing sustainable energy solutions that reduce our carbon footprint and promote energy efficiency. Our mission is to invest in renewable energy sources, implement energy-saving technologies, and support initiatives that contribute to a greener and more sustainable future for our municipality.</p> <p>Education: In the realm of education, our mission is to provide high-quality, accessible educational opportunities for all residents. We strive to foster a learning environment that encourages personal and professional growth, supports educational innovation, and equips individuals with the knowledge and skills needed to thrive in a rapidly changing world.</p>
<p>What are the activities and experience of the organization?</p>	<p>EMPOWER4EMPLOYMENT Project (2019-1-TR01-KA204-076960) Empowering The Employabilities of Low-Skilled and Low-Qualified Adults in Home Care Sector – EMPOWER4EMPLOYMENT Project (2019-1-TR01-KA204-076960) is funded by European Commission via Turkish National Agency within the scope of Erasmus+ KA2 Strategic Partnership in The Field of Adult Education. The world population is rapidly aging and the rates of chronic diseases are increasing. Current demographic developments and changes in Europe have led to increased interest in home care. As a result, more people will be dependent on care in the near future, increasing demand for home care will need to expand formal care services and increase spending. This situation creates some positive expectations in terms of recruitment opportunities in the sector too.(2019-2022)</p>
<p>What are the skills and expertise of key staff/persons involved in this application?</p>	<p><u>Legal Representatives – MERT EMİN CAN ÖZER – BURAK TAŞDEMİR</u> Fields of Expertise: - International Relations - Software and Development - European Nations Projects</p> <p><u>Contact Person – MERT EMİN CAN ÖZER</u> Duties/Responsibilities: - Developing project concepts, including goals, objectives, activities and main stages - Complete the missions determined in partnerships</p>
