C.2.2 Background and Experience

Please briefly present the partner organization, the activities and experience in the areas relevant for this application?

EUROPROYECTOS ERASMUS PLUS is a Spanish training company and intermediary agency with 25 years of experience in working within the framework of European mobility projects. Europroyectos is able and willing to receive trainees and members of private and public entities from the most varied fields of activity and from any European country to implement their projects in our premises in **Granada, Córdoba, Málaga** and/or **Martos** (Jaén), all of them located in the historical region of Andalusia, Southern Spain.

Europroyectos, with the occasion of its twentieth anniversary and following its aim to continually improve the services that it offers, underwent a major transformation that lead to a new trade name (it was previously known as Europroyectos Leonardo da Vinci, Academia Córdoba and AC Traductores) and the opening of a **new student house in Granada and Malaga**, with greater capacity and better facilities.

Europroyectos implements around 100 projects per year coming from all around Europe (illustrative list of partners available in the website) and was the first intermediary agency in Spain to be certified by European **ISO9001** and **ISO14001** in the management of European Mobility Projects.
