Place:	Hessisch Oldendorf
Inhabitants:	24 villages with ca. 20.000 people
Nearby cities:	Hameln; Hannover, Bielefeld
distance:	12 km; 55 km; 70 km
Field of work:	Social work in local community

Description of our work:

Welcome to StadtHaus in Hessisch Oldendorf!

Since 2020, we have been developing concepts and projects for the local community and getting in touch with our citizens. We started community work after a detailed social space analysis and are happy that we can involve more and more citizens. Currently, we are supporting 3 committed groups in implementing their wishes for their district according to the principles of community work. These are a group of young people, an inclusive group and a group that is concerned with the upgrading of the district. Our role is to bring people together in their commitment, to strengthen them and to support them with our knowledge.

In the second area of our work, we see needs through the meetings and projects in our house, which we then implement. Twice a week, we hold a low-threshold language course for refugees. Here we get into conversation with the people and have noticed, for example, the need for more networking opportunities. From this, we are now developing a cooking evening and a sewing café. We also organize a "small festival in Lange Straße" once a month, where we can get in touch with people.

In the third part, we work as coordinators of the StadtHaus and arrange rooms for various projects and initiatives, which we coordinate according to the needs of the residents. These can be, for example, toddler groups and counselling services (office guides, employment agency, etc.).

Learning possibilities:

In the first period, it is especially important to us that you have a good time with us and that you gradually find your way around the language. The main focus during this time is on aspects such as networking, contact with the contact with the residents of the district and getting to know the structures.

In the second part of your voluntary service, we would like to give you more and more responsibility. We would be happy if you could help us organize the StadtHaus, accompany various activities and groups, and be interested in the people and their stories.

In particular, in addition to our presence in the TownHouse, we also focus on our various offers and festivals in the core town. You can learn with us how we think about and develop community work in the district, how we get in touch with people, support them in their wishes and ideas and strengthen their commitment. In addition to the work in the town house, you will also have the opportunity to gain an insight into the cultural and refugee work of the town of Hessisch Oldendorf and to work here.

In the third part we would like to support you in developing your own projects. These projects should then be developed and implemented in cooperation with the local community. Here you can try out your own work in the neighborhood with our support.

Your profile:

The biggest building block of our work is contact with the people in our district in the form of district work. Therefore, we are looking for a person who is courageous enough to get in touch with the people of Hessisch Oldendorf. Being open and inviting, interested in the issues of the residents and courageously approaching other people and situations are qualities that will make it easier for you to join us. We do not expect any special educational qualifications. Of course, you will not be able to communicate perfectly in German from the beginning, but we think that there are many ways outside of language in which communication can take place at the beginning. We would like you to have skills in social media and public relations, as we are currently working on being visible and bringing our projects and events to the people on the ground.

The most important aspect for us is that you want to be part of our team for the duration of your service and that you want to get in touch with people. We are happy if you bring your own interests and skills into our team.
