# About AIPC Pandora

AIPC Pandora is a not-for-profit organization founded in 2002 that aims to promote youth mobility around the world in order to impact the personal and professional development of young people and their communities and to create a fairer and more sustainability society.

Based in **Madrid** (Spain)  
with offices in **Valencia**  
and **País Vasco**

## How does AIPC Pandora work in the world?

- ▶ Promotes active citizenship.
- ▶ Promotes the international mobility of young people.
- ▶ Encourages cultural exchange and social entrepreneurship.
- ▶ Contributes to the globalization of educational institutions.
- ▶ Advocates universal access to education.

**More than 1,500  
participants**

**20,000 volunteer  
actions per year**

**Operating in  
60 countries**

**Present on  
3 continents**

**More than  
20 years  
of experience**

**aipc pandora**

# Our mission and objectives

We are the leading association in experiential training in **Global Citizenship**, providing social and educational innovation for a better world.. Staying true to our core mission of organizing youth mobility programs that encourage creation of a just and sustainable world, we have developed **Global Learning Experiences to implement educational, intercultural, solidarity, or professional insertion** programs in the different countries that we are present in.

## We work for:

Students

Schools

Families

Companies

Volunteers

Staff

# Main working areas

## EDUCATIONAL MOBILITY PROGRAMS

AIPC Pandora empowers young people to **develop global skills**, organizing educational programs about a variety of topics in more than 60 countries.

- ▶ Group exchange programs, focusing on international education and **experiential learning**.
- ▶ **Mobility** programs focused on the **environment** and biodiversity.
- ▶ Hosting of non-Spanish students for activism, **volunteering** and **internship** programs.
- ▶ **Language** programs.

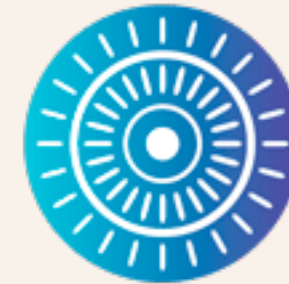

# Main working areas

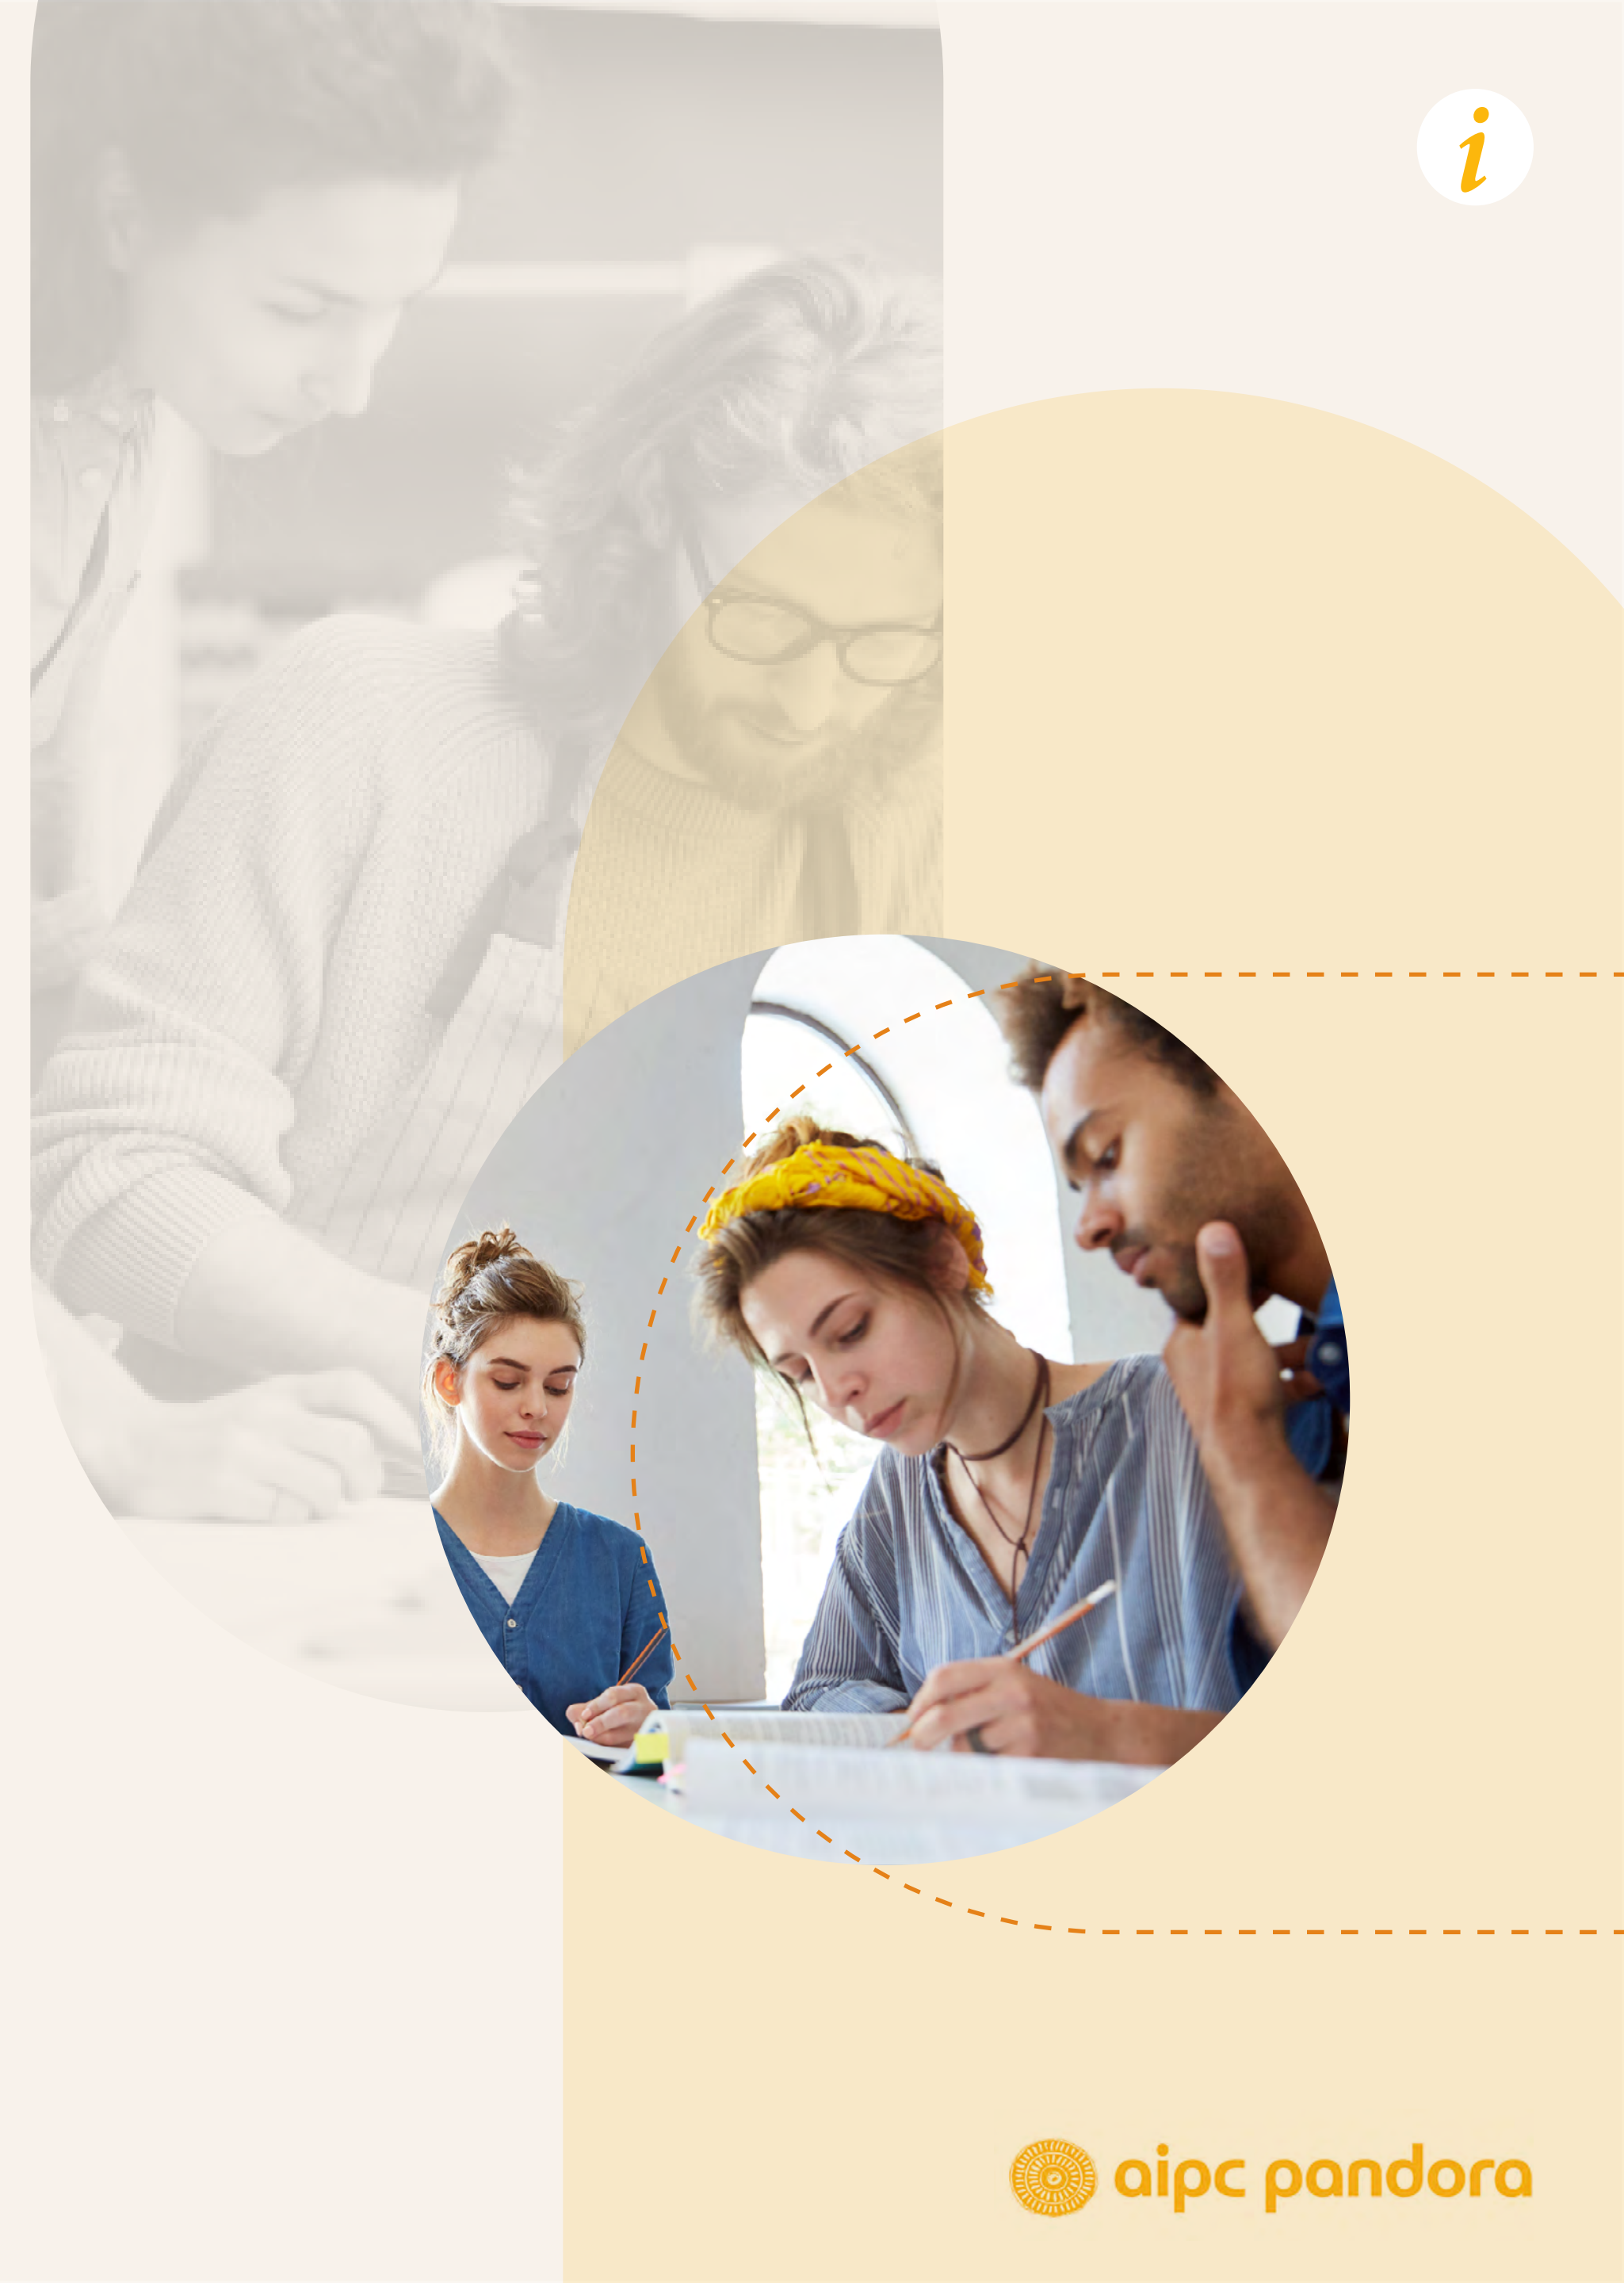

## PERSONAL AND PROFESSIONAL TRAINING

GLOBAL  
YOUTH  
ACADEMY

AIPC Pandora provides customized training to young people and academies to teach them about the importance of value-based education.

- ▶ **Global Youth Academy** offers schools different training programs about Agenda 2030, Sustainable Development Goals (SDGs), and more, both for students and teachers.
- ▶ **Changemakers Youth Facilitators School** enables educational innovation for development of young people.

# Main working areas

## CREATE INTERNATIONAL EXPERIENCES

AIPC Pandora offers **scholarships** to young people to help them in their professional and personal growth through **international experiences**:

- ▶ TalentOpportunity.
- ▶ Ford Driving Dreams.
- ▶ PowerCoders.
- ▶ European Solidarity Corps.
- ▶ Inclusive Youth.

# Main working areas

## PROMOTE GLOBAL CITIZENSHIP

AIPC Pandora is committed to strengthening the network of Global Citizenship Schools to include over 100 by 2026.

- ▶ Design and implement educational strategies **in collaboration with** public and private schools.
- ▶ Bring access to public schools in economically disadvantaged environments to internationalize and have access to **innovation and global education**.
- ▶ Promote global citizenship among young people by exposing them to **global issues** through a **learning-by-doing experience**.
- ▶ **Annual events** for educational institutions and professionals.

# Our experience in National Projects

## Youth Social Entrepreneurship

**Ford Impulsando Sueños** is a free socio-educational project that empowers young people and educates facilitators. Young people aged 14 to 18 become Agents of Change by learning to devise transformative projects, while educators are trained as Facilitators of this process.

## Educational Excellence and Leadership

**Oportunidad al Talento** is a three-year program, from the 4th year of ESO to the 2nd year of Bachillerato (ages 15-18), which offers educational excellence and leadership for social change. With scholarships covering 100% of the costs, it combines equality and excellence, supporting young people with less socioeconomic opportunities. It has been recognized with the European University Foundation and Santander Universities Social Commitment Award in 2020, and was a finalist in the "la Caixa" Foundation Awards for Social Innovation in 2022.

# Our experience in National Projects

## Training and Job Placement of Refugees in the IT Sector

**Power.Coders** democratizes talent in the IT sector in Spain by facilitating the employment of refugees, migrants and people in vulnerable situations.

## Training of Educators and Young People in Socio-educational Innovation

**The Changemaker Youth Facilitators School** promotes educational innovation for the integral development of young people and the world. It is open to formal and non-formal educators, as well as adolescents and youth, and the program offers a full scholarship. If you are passionate about change, join us!

# Our experience in European Projects

## European Voluntary Service (EVS)

**The European Voluntary Service (EVS)**, AIPC Pandora was a Local Contact Point, in Spain, for the European Solidarity Corps (ESC) program through which they offered young people an all-expenses-paid stay of up to one year in a host organization in a European country to promote values such as solidarity, responsibility, justice and sustainability.

## European Solidarity Corps (Previously European Voluntary Service)

AIPC Pandora was a **Local Contact Point**, in Spain, for the European Solidarity Corps (ESC) program through which they offered young people an all-expenses-paid stay of up to one year in a host organization in a European country to promote values such as solidarity, responsibility, justice and sustainability.

# Our experience in European Projects

## Hand in Hand 2.0 (Volunteering Projects, Erasmus+ Program)

The project **"Hand to Hand 2.0"** has emerged from a desire of Spanish and Moldovan partners to provide young people with an opportunity to go behind the borders of their existing experience, to show them that their action can make a difference and to encourage them to start a new European dialogue across different sociocultural contexts and age groups.

## Bringing people together, building the world (Youth mobility, Erasmus+ Program)

The project **"Bringing people together, building the world"** aims to enhance the organization's activity, based on the exchange of experiences, intercultural dialogue, networking with interconnected local, global and national communities, and the promotion of leadership and entrepreneurship.

# Collaborations & networks

## Collaborating organizations

## National networks

## International and European networks

*AIPC Pandora belongs to different national and international networks and platforms with the aim of increasing its presence in other regions.*

# Team achievements
