

Project Title: Misinformation in the digital area

Location of the Project: Hungary

Project Length: 6 days (+ travelling days)

Target Group: 6 participants (including one team leader (18+)) aged 18-30

Introduction:

The Youth Exchange "Misinformation in the Digital Era" focuses on equipping young people with the critical skills needed to navigate the complexities of the digital age. By addressing challenges such as fake news, conspiracy theories, and unethical digital practices, the initiative aims to nurture a generation of informed and responsible digital citizens.

Objectives:

- Enhance digital literacy and critical thinking among youth.
- Address the societal impacts of misinformation, including polarization and trust erosion.
- Promote responsible sharing and ethical behavior in online spaces.
- Educate participants on digital contracts, privacy policies, and online scams.
- Encourage international collaboration and cross-cultural dialogue.

Partner Duties:

- Provide ongoing support for participants throughout the project lifecycle.
- Support the proper selection and preparation of your participants.
- Share expertise and resources to enhance the quality and impact of the activities.
- Support dissemination of results to broader communities locally and online as well.
