**Subject: Letter of support for the project proposal “Empowering Sub-Saharan Migrants in Morocco: A Mission for a More Just and Equitable Society” under the frame of Migration Partnership Facility (MPF)**

Dear Sir/Madam,

During the last weeks, our organization, a Non-Profit Organization established in Athens, Greece got in touch with the Moroccan association named “MamAfrika” in order to start a cooperation in the field of migration. Our organizations has experience and expertise in supporting social vulnerable groups through capacity building, training and advisory support. We have implemented many EU projects that had to do with social integration, tourism/culture, social economy/entrepreneurship, agrifood, ICT & sustainable development.

MamAfrika is dedicated to empowering Sub-Saharan migrants in Morocco with the tools and opportunities they need to thrive. MamAfrika aim to transform Morocco into a land of opportunity for Sub-Saharan migrants, offering them a chance to build a better life for themselves and their families in Morocco instead of a crossing border.

We share the views and the goals of MamAfrika and we officially support their project proposal entitled “**Empowering Sub-Saharan Migrants in Morocco: A Mission for a More Just and Equitable Society**” which aims the following:

- **Go1:** Improve the socio-economic status of Sub-Saharan migrants in Morocco by creating sustainable employment opportunities.
- **Go2:** Enhance the integration of Sub-Saharan migrants into Moroccan society through skills training, language classes, and guidance programs.
- **Go3:** Foster entrepreneurship among Sub-Saharan migrants by providing access to resources, funding, and networks for starting and growing small-size businesses.
- **Go4:** Promote social harmony and community cohesion by increasing awareness of the contributions of Sub-Saharan migrants to Moroccan society.
- **Go5:** Contributing to reducing illegal immigration to Europe of Sub-Saharan migrants by providing viable economic alternatives within their country of origin. This will decrease the need for high-risk and often life-threatening journeys across the Sahara desert, ultimately leading to a safer and more humane migration experience.

We hope that the project proposal could receive the necessary institutional support to be funded and implemented.

Yours sincerely,

**THREE THIRDS SOCIETY**
