OUR VISION & MISSION

...or why we do what we do?

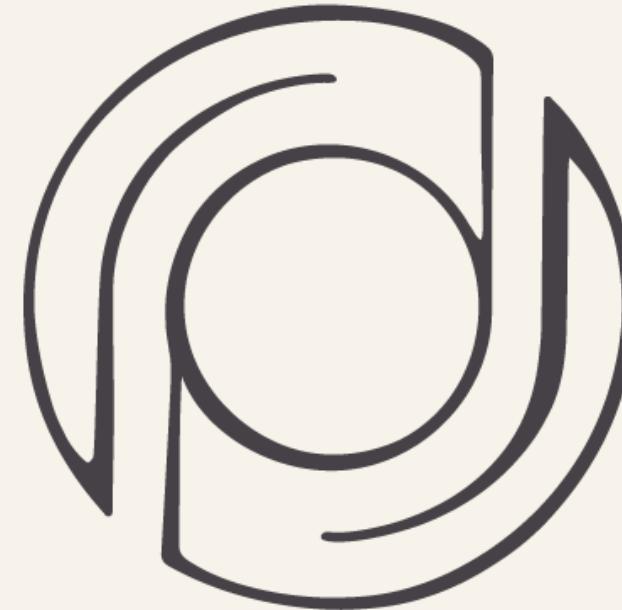

Our **vision** is to create an open world where everyone has learning opportunities to develop and grow.

Our **mission** is to redefine experiential learning by offering fresh and professional education programs through customized methods and approaches.

OUR VALUES

COOPERATION

We do something with soul, creativity, or love. We put something of ourselves into our work.

EFFECTIVITY

We make simple actions with a significant impact.

PASSION

We unite our strengths and expertise, therefore we bring a variety.

SUSTAINABILITY

We are committed to supporting the environment, the human resources, and the economy around us.

CREATIVITY

We are turning new and imaginative ideas into reality.

OUR PILLARS

Roes Cooperativa's activities are focused on and built around the following 4 main learning pillars: personal growth, professional development, social inclusion and sustainability. The logos of these 4 pillars were inspired by the 4 elements.

PERSONAL DEVELOPMENT

PROFESSIONAL DEVELOPMENT

SOCIAL INCLUSION

SUSTAINABILITY

STREAMS (ROES)

To reach the 4 above-mentioned pillars, Roes offers possibilities through different non-formal streams (roes). Streams is a metaphor for all the methods the cooperatives use and often blend together to create a holistic learning experience. The streams are symbolised by the initials of their name and each one has a unique color.
